

## Our **Corporate Readiness** programme will make you **EMPLOYABLE**

Centum Learning Limited in collaboration with IETE is offering a Certificate Course in Corporate Readiness. The dynamic program covers the entire spectrum of requisite knowledge & skills which includes communication, grooming, effective language skills, personality development modules, and other associated soft skills which will help in becoming confident and job ready from day one

### The key benefits of the program are as follows

- Enhances communicational skills
- Includes 40 hour English language Workshop
- Ample practice sessions to bridge the gap between theory and application
- Pre & post tests coupled with assessments and subsequent certification to ensure transfer of learning
- Highly interactive methodology comprising role plays, discussions, illustrations, quizzes, case studies etc.
- Customized industry or job profile specific training program
- Involves proven methodologies for functional competency building

The 100 hour program would contain an 80 hour foundation course and 20 hours of functional excellence course. The foundation course would focus on communication, self development and corporate skills which help a candidate to sharpen their interview skills, and enhance their social acceptance and confidence. The elective functional excellence course list gives the student options to specialize in various industry verticals like telecom, retail, hospitality etc

### Students who meet the following norms may enroll in the course

- Dip IETE & AMIETE students
- Other Engineering students
- Other Post Graduates professional course students

Centum Learning offers special rates to IETE students. They can avail this course at Rs 4300. Even non-IETE students can avail the benefits of the course at Rs 6800. For admissions, students can contact their nearest centre chairman.
