Jointly Organized with
IETE KOLKATA CENTRE

AND COMPUTER SOCIETY OF INDIA, KOLKATA CHAPTER

September 25 - 26, 2026

All accepted and Presented Papers will be published in Springer Lecture Notes in Network and Systems

About Conference

The Computer Society of India (CSI), Kolkata Chapter in association with The Institution of Electronics and Telecommunication Engineers (IETE), Kolkata Centre, West Bengal, India organizing Fifth International Conference on Network Security and Blockchain Technology (ICNSBT). This International Conference ICNSBT 2026 basically focused on Network Security, Privacy and Blockchain Technology and Its Applications. The Conference will be held during September 25 – 26, 2026 at the The Institution of Electronics and Telecommunication Engineers (IETE), Kolkata Centre, India. This international Conference will focus on Privacy, Authentication, Digital Watermarking, Cyber Security, Access Control, Security Modelling, Security in Social Networks, Digital Rights Management, Blockchain in the Internet of Things (IoT), Blockchain in Cyber Physical Systems, Blockchain in Social Networking, Blockchain in Supply Chain Management, Cryptocurrency.

AREA OF INTEREST

Track-I: Security and Privacy

- Privacy
- Authentication
- Digital Watermarking
- Cyber Security
- Healthcare data privacy
- Cryptography and Data confidentiality
- Cryptology
- Quantum Cryptography
- Computational Number Theory and Its Applications in Network Security
- Biometric-based authentication systems
- Multi-factor-based authentication
- Passwordless authentication systems
- Steganography

Track-II: Network Security and Its Applications

- Access Control
- Security Modelling
- Security in Social Networks
- Digital Rights Management

Track-III: Blockchain Technology and Its Applications

- Blockchain in the Internet of Things (IoT)
- Blockchain in Cyber Physical Systems
- Blockchain in Social Networking
- Blockchain in Supply Chain Management
- Cryptocurrency

Track-IV: AI and ML in Information Security

- Data privacy and AI protection
- Deep Learning for Intrusion Detection
- Natural Language Processing for Malware Detection
- Pattern Recognition for Malware Classification
- AI/ML in Cyber Forensics and Cryptography
- Phishing Detection using Machine Intelligence
- Software defects prediction using Machine Learning
- Adversarial ML for Information Security
- Unsupervised ML for Pattern Recognition and Forgery Detection
- Applications of AI/ML in blockchain
- Steganography and steganalysis based on AI/ML

IMPORTANT DATES

- Paper Submission Deadline : June 30, 2026
- Notification to Authors : August 31, 2026
- Final Manuscripts Due : September 10, 2026
- Last Date of Author Registration : September 10, 2026
- Conference Date : September 25 - 26, 2026
