About IETE

The Institution of Electronics and Telecommunication Engineers (IETE) is India's leading recognised professional society devoted to the advancement of Science and Technology of Electronics, Telecommunication & IT. Founded in 1953, it seves more than 53,000 members through various centres, whose number is 52, spread all over India and abroad. The Institution provides leadership in Scientific and Technical areas of direct importance to the national development and economy. (Government of India has recognised IETE as a Scientific and Industrial Research Organization (SIRO) and also notified as an educational Institution of national eminence.) The objectives of IETE focus on advancing electro-technology. The IETE conducts and sponsors technical meetings, conferences, symposia, and exhibitions all over India, publishes technical journals and provides continuing education as well as career advancement opportunities to its members.

Objective

To promote the general advancement of Telecommunication Engineering, Electronics, Computer Science and Engineering, Information Technology and allied subjects and their applications and to facilitate the exchange of information and ideas on these subjects amongst the members of the Institution and otherwise, and for the purpose:

- (i) to hold meetings of the Institution for reading and discussing communications bearing upon Telecommunication Engineering, Electronics, Computer Science and Engineering, Information Technology and allied subjects, or the application thereof or upon subjects relating thereto,
- (ii) to hold and promote Exhibitions of instruments, apparatus, machinery or other appliances connected with Tele-communication Engineering, Electronics, Computer Science and Engineering, Information Technology and allied subjects or their applications,
- (iii) to print, publish, sell lend or distribute proceedings or reports of the Institution or any papers or communications, works or treatise on Telecommunication Engineering, Electronics, Computer Science and Engineering, Information Technology and allied subjects or their applications, or any abstracts thereof or extracts therefrom,
- (iv) to encourage research, and promote the development of appropriate technologies in Telecommunication Engineering, Electronics, Computer Science and Engineering, Information Technology and allied subjects and their applications,
- (v) to make grants of money, books, apparatus or otherwise for the purpose of promoting invention and research in Telecommunication Engineering, Electronics, Computer Science and Engineering, Information Technology and allied subjects or their applications or in subjects connected therewith,
- (vi) to establish professional and technical standards in Telecommunications and conduct such test and/or examinations as may be required for this purpose,
- (vii) to undertake such other activities which will further the objects and aims of the Institution and advance the science and technique of Telecommunications, Electronics, Computer Science and Engineering, Information Technology and allied subjects.

About Institution of Engineers (India)

The Institution of Engineers (India) is the largest multi-disciplinary engineering professional society, established with a view to promote and advance the science, practice and business of engineering.

The aims and objectives for which the IEI is constituted, are to promote the general advancement of Engineering and Engineering Science and their applications and to facilitate the exchange of information and ideas on those subjects, amongst the members and the persons attached to the Institution.

IEI functions with and amongst the professional engineers, academicians and research workers and provides a vast array of technical, professional and supporting services to the government, the industries, the academic and the engineering community.

IEI is the pioneer body to introduce non-formal engineering education programme, successful completion of which is recognised as equivalent to a degree in engineering by the Government of India, the Union Public Service Commission, State Governments and public/ private sector organisations.

IEI with its Headquarters at Kolkata is administered by a national Council with the President as its Head and operates through 18 State Centres & 76 Local Centres located at capital and towns of Industrial and academic importance all over the country. The Council consists of the President, 2 immediate Past Presidents, 16 elected members from the eligible state centres, 28 representatives elected from divisions, 18 Chairmen of State Centres, 14 Chairmen of eligible Local Centres, 5 Chairmen of Autonomous Fora. 4 prominent engineers are also co-opted on the Council. 2 Members from the above members are appointed by the President as Vice Presidents.

About the IEEE

The IEEE, a non-profit organization, is the world's leading professional association for the advancement of technology. The full name of the IEEE is the Institute of Electrical and Electronics Engineers, Inc., although the organization is referred to by the letters I-E-E-E and pronounced Eye-triple-E.

Who the IEEE Serves

Through its global membership, the IEEE is a leading authority on areas ranging from aerospace systems, computers and telecommunications to biomedical engineering, electric power and consumer electronics among others.

Members rely on the IEEE as a source of technical and professional information, resources and services.

To foster an interest in the engineering profession, the IEEE also serves student members in colleges and universities around the world.

Other important constituencies include prospective members and organizations that purchase IEEE products and participate in conferences or other IEEE programs.
