THE COMMITTEES, BOARDS, PROJECTS AND TASK FORCES OF THE COUNCIL 2008-09

COMMITTEES

ROLE

C-1 Academic & Distance Education Committee (ADEC)

- Policy regarding award of degrees and diploma certificates.
- All aspects of conduct of examination for ALCCS, Degree and Diploma in Electronics and Telecommunication, Computer Science and Engineering & IT streams.
- Deemed university status
- All matters including policy and procedures on accreditation.
- Accreditation of the IETE Centres for DOEACC/ other approved courses.
- Revision and review of syllabi on periodic basis to keep the curriculum updated.
- Close interaction with Student Interaction and Web Management Committee and Task Force on Training and Placement for providing data and other inputs.
- Maintenance of all examination records.
- Identification and preparation of printed Study Material including liaison with publishers and recommendation for suitable text books.

C-2 Technical Programmes Committee (TPC)

- Planning and organisation of Annual Technical Convention (ATC) and Midterm Symposium (MTS).
- Coordination with Centres and to obtain approval of the Council for conduct of zonal seminars.
- To obtain approval of Council for conduct of Technical Programmes by Centres for payment of Seminar grants.
- Planning and conduct of national and international seminars as decided by the Council.
- Preparation and publication of souvenirs and proceedings of the ATC, MTS and other seminars.
- Planning and conduct of Technical Programmes at HQ IETE viz. World Telecom and Information Society Day, IETE Foundation Day etc.

C-3 Innovation and Exploration Committee (IEC)

Innovation and Exploration Committee (IEC) is to act as a think tank of IETE to look into the future for generation of new ideas and plans with a view to achieve:-

- Increased visibility of IETE
- New initiatives for partnership with industry, academia and Government.
- Taking up telecom and IT related issues of national importance impacting the Society.
- Exploring avenues of resource generation (other than training, education, seminars etc)

C-4 Industrial Coordination Committee (ICC)

- Conduct of Apex Forum Meetings
- Preparation of position paper relating to the electronics, telecommunication and IT industry.
- Interaction with industry, laboratories, commercial organisations, manufacturing associations, and allied bodies with a view to formulate policies.
- Planning and organisation of joint activities with industry and peer organizations for finalizing policies/ position papers.
- Consultancy service to small-scale industry after identifying areas of expertise.
- Creation of industry related database.
- Publicizing activities of the Institution for attracting organizational members.

C-5 Publications Committee (Pubs)

- All aspects of publications of the IETE Journal, Technical Review and Students Journal.
- Planning and organising publications of the IETE book series and IETE-NBT book series for popularisation of electronics.
- Planning joint technical publications with institutions such as IEEE.
- Reproduction of articles appearing in other publications.
- Selection of editorial boards and honorary editors for special issues of IETE Journal of Research and IETE Technical Review.

C-6 Membership and Local Centres Committee (MLCC)

- Consideration of membership applications.
- Membership subscription and fee structure.
- Growth of student, corporate and organizational membership
- Annual review of centre status for representation in the Council.
- Grant of charter to the members.
- All matters concerning functioning of local centres.
- Periodic review of the rules/ regulations as applicable to functioning of local centres.
- Recommendations for the Annual Best Centre Awards.
- Upgradation of infrastructure and its optimal utilization.
- Consideration of the application from the centres for grants and loans and recommendations thereof to the FPPC.
- Geographical jurisdiction of centres
- Upgradation and opening of centres.
- Periodical assessment and monitoring the performance of Centres.

C-7 Student Interaction & Web Management Committee (SI & WMC)

Student Interaction

- Interaction with students at HQ/ Local Centres regarding their problems and necessary action/ recommendations
- Guide students in personal development and improvement of their soft-skills.
- Recommend actions required for the betterment of the student community from issues identified through interaction, feed back, and other inputs.

Web Management

- Examine the three websites of IETE, iete.org, iete.info, iete-elan and recommend the expansion or merging or re-organization of the sites.

- Examine the sites and recommend the Home page of the sites and recommend how the User Interface(UI) be made more attractive and eye-catching, also how the navigation of the sites can be made easy and user friendly.
- Recommend the type of content to be uploaded on the various sites and the shelf life of any content which is not of a permanent nature.
- Lay down the mechanics of uploading the content and the section responsible for its accuracy and timeliness.
- Draft a SOP for the management of the web sites clearly indicating the section / appointment who will provide the content for uploading and would be accountable for its veracity and security.

C-8 Finance & Policy Planning Committee (FPPC)

- Overall policy planning and conduct of activities of IETE at national and international level.
- All aspects of financial operations including provision of funds for the acquisition of premises at different locations.
- Code of ethics.
- Interaction with other institutions.
- Amendment to Byelaws.
- Staff matters

BOARDS

B-1 Board of Recognition of Excellence (BoRE)

- All matters concerning conferment of IETE awards.
- Selection of awardees including technical essay contest.
- Institution of fresh awards and review of existing awards

B-2 Board of Examinations (BoE)

- Preparation and processing of question papers and their moderation.
- Proof reading, printing, and despatch of question papers to the concerned examination centres.
- Preparation and printing of solutions to Question Papers.
- Moderation of results, setting and processing of question papers for all examinations (ALCCS, Degree and Diploma).
- Decision making in respect of all examination oriented activities e.g. approval of projects/ Seminars etc.
- Analysis of Centre-wise and Subject-wise the examination results and recommend ways and means to improve the results.
- Creation and Maintenance of expert Data Bank for question paper setters and moderators.
- To organize Convocation Ceremony on 02 Nov every year.

B-3 Board of Research (BoR)

- Policy regarding establishment of a research centre and creation of research seats.
- Liaison with the ministries, government departments and industrial houses for establishments of research seats and creation of corpus.
- Selection of scholars for undertaking research
- Approval of projects under Utilisation of Scientific Expertise of Retired Scientists (USERS). Publication of research projects and papers

Notes

- Committees and Boards will minute their proceedings.
- The Committees and Boards will present a summary of their recommendations to the Council for approval.
- The Task Forces will present their recommendations to the Council for approval.
- The Meetings of the Committees/ Boards may be organized alongwith the Council meetings or independent of them, if required , with the prior approval of the President.
- Recommendations of the Task Forces are to be finalized through e-mails/ informal consultations by the Chairpersons with their respective members.

PROJECT

P-1 E-Learning and Networks (Elan)

- Establishment of IETE Intranet
- Creation of commonly shared databases
- Guidelines for material to be included in databases
- Preparation of a position paper on e-education
- Preparation and introduction of material for e-Education
- Monitor introduction and usage of Web sites at all Centres. Establishment of inter-connectivity between the Centres as well as at HQ

TASK FORCES

T-1 Task Force for Publicity (TFP)

- To suggest and implement suitable measures to increase visibility of IETE.
- To further improve the image of the Institution across the country.

T-2 Task Force for Training and Placement (TFTP)

- All facets of HRD, personality building, preparing for competitions, career counseling, dispensing new skills of computation and networking, dissertation writing and e-surfing for knowledge.
- Identification of the aspiration level of students completing their school/ college education and for making them employable in competitive industrial environment.
- To organize placement interviews at various Centres.
- To organize industry related orientation technical programme for placement of students.

President's Advisory Group (PAG)

- To bring efficiency, effectiveness, transparency and institutionalizing and to assist the President in decision making.
- The Group is to function in monitoring and advisory role and not to be involved in day-to-day function of the HQ or the Centres.
- The Group can take up any issues for its consideration which needs improvement whether ab-initio or referred to by the President.
- The President will have the power to accept / reject the recommendations of the Group.
- The Secretary General and his staff will provide on priority all necessary information and data as and when asked by the Group.

IETE Alumni Association

To strengthen the bond amongst all IETE passed students e.g. AMIETE, Post Graduate(ALCCS) and Diploma holders.

About IETE

The Institution of Electronics and Telecommunication Engineers (IETE) is India's leading recognized professional society devoted to the advancement of Science and Technology of Electronics, Telecommunications, & IT. Founded in 1953, it serves more than 69,000 members through its 55 Centres spread all over India and abroad. The Institution provides leadership in Scientific and Technical Areas of direct importance to the national development and economy. Government of India has recognized IETE as a Scientific and Industrial Research Organisation (SIRO) and also notified it as an educational Institution

of National eminence. The objectives of the IETE focus on advancing communications and electronics technology. The IETE conducts and sponsors technical meetings, conferences, symposia and exhibitions all over India. Publishes technical journals and provides continuing education as well as career advancement opportunities to its members.

OBJECTIVES

To promote the general advancement of Telecommunication Engineering, Electronics, Computer Science and Engineering, Information Technology and allied subjects and their applications and to facilitate the exchange of information and ideas on these subjects amongst the members of the Institution and otherwise, and for that purpose:

- to hold meetings of the Institution for reading and discussing communications bearing upon Telecommunication Engineering, Electronics, Computer Science and Engineering, Information Technology and allied subjects, or the application thereof or upon subjects relating thereto.
- to hold and promote Exhibitions of instruments, apparatus, machinery or other appliances connected with Telecommunication Engineering, Electronics, Computer Science and Engineering, Information Technology and allied subjects or their applications.
- to print, publish, sell, lend or distribute proceedings or reports of the Institution or any papers or communications, works or treatise on Telecommunication Engineering, Electronics, Computer Science and Engineering, Information Technology and allied subjects or their applications, or any abstracts thereof or extracts there from.
- to encourage research, and promote the development of appropriate technologies in Telecommunication Engineering, Electronics, Computer Science and Engineering,

Information Technology and allied subjects and their applications.

- To make grants of money, books, apparatus or otherwise for the purpose of promoting invention and research in Telecommunication Engineering, Electronics, Computer Science and Engineering, Information Technology and allied subjects or their applications or in subjects connected therewith.
- to establish professional and technical standards in Telecommunications and conduct such tests and/ or examinations as may be required for this purpose.
- to undertake such other activities which will further the objects and aims of the Institution and advance the science and technique of Telecommunications, Electronics, Computer Science and Engineering, Information Technology and allied subjects.

Some Highlights

IETE has taken vigorously in automation of system. Online registration of members and examinations and automation of Council election process will be landmark achievements in this regards.

IETE has signed a number of Memorandum of Understanding (MoU)/ Agreements with Institutions/ bodies like Institution of Engineers (I), Institution of Electrical and Electronics Engineers (IEEE), USA, IEEE Communications Society (IEEE ComSoc), Institution of Electrical Technology, UK (IET, UK), Computer Society of India (CSI), IGNOU and IEEE MTT-S and Bharti Airtel. Similarly, MoU / These agreements will give wider exposure to our members and also help students in their placement.

About IEI

The Institution of Engineers (India) is the largest multi-disciplinary engineering professional society, established with a view to promote and advance the science, practice and business of engineering.

The aims and objectives for which the IEI is constituted, are to promote the general advancement of Engineering and Engineering Science and their applications and to facilitate the exchange of information and ideas on those subjects, amongst the members and the persons attached to the Institution.

IEI functions with and amongst the professional engineers, academicians and research workers and provides a vast array of technical, professional and supporting services to the government, the industries, the academic and the engineering community.

IEI is the pioneer body to introduce non-formal engineering education programme, successful completion of which is recognised as equivalent to a

degree in engineering by the Government of India, the Union Public Service Commission, State Governments and public/ private sector organisations.

IEI with its Headquarters at Calcutta is administered by a national Council with the President as its Head and operates through 18 State Centres & 76 Local Centres located at capital and towns of Industrial and academic importance all over the country. The Council consists of the President, 2 immediate Past Presidents, 16 elected members from the eligible state centres, 28 representatives elected from divisions, 18 Chairmen of State Centres, 14 Chairmen of eligible Local Centres, 5 Chairmen of Autonomous Fora. 4 prominent engineers are also co-opted on the Council. 2 Members from the above members are appointed by the President as Vice Presidents.

About Computer Society Of India

Computer Society of India established in the year 1965 is today the largest IT professionals Society in India. The purpose of the Society are scientific and educational directed towards the advancement of the theory and practice of computer science, computer engineering and technology, systems science and engineering, information processing and related arts and sciences. It shall endeavour to:

- Promote interchange of information, in these disciplines and sub-disciplines, amongst the specialists and between specialists and the public.
- Encourage and assist the professionals engaged in these fields to maintain the integrity and competence of the profession and Foster a sense of partnership amongst the professionals, engaged in these fields.

Means to these ends are the holding of meetings for the reading and discussing of professional papers, the publication and circulation of works of literature, science and art pertaining thereto and any other activities necessary, suitable and proper for the fulfillment of these objectives.

In a span of less than 4 decades, the organization has grown to an evitable size of 30,000 strong members consisting of professionals with varied backgrounds including Software developers, Scientists, Academicians, Project Managers, CIO's, CTO's IT

vendors to just name a few. It has spread its branches all over the country. Currently, rooted firmly at 62 different locations, CSI has plans of opening many more chapters and activity centres in smaller towns and cities of the country. The idea is to spread the knowledge, and provide opportunities to as many interested as possible.

About IEEE

A non-profit organization, IEEE is the world's leading professional association for the advancement of technology. The IEEE name was originally an acronym for the Institute of Electrical and Electronics Engineers, Inc. Today, the organization's scope of interest has expanded into so many related fields, that it is simply referred to by the letters I-E-E-E (pronounced Eye-triple-E).

Through its global membership, IEEE is a leading authority on areas ranging from aerospace systems, computers and telecommunications to biomedical engineering, electric power and consumer electronics among others. Members rely on IEEE as a source of technical and professional information, resources and services. To foster an interest in the engineering profession, IEEE also serves student members in colleges and universities around the world.

IEEE has: -

- » more than 370,000 members, including more than 80,000 students, in over 160 countries;
- » 319 sections in ten geographic regions worldwide;
- » 1676 chapters that unite local members with similar technical interests;
- » more than 1,526 student branches at colleges and universities in 80 countries;
- » 39 societies and 5 technical councils representing the wide range of technical interests;
- » 132 transactions, journals and magazines;
- » more than 450 IEEE sponsored or cosponsored conferences worldwide each year;
- » over 900 active IEEE standards and more than 400 in development.

About IEEE Communications Society

A Community comprised of a diverse group of industry professionals with a common interest in advancing all communications technologies. To that end, the Society sponsors publications, conferences, educational programmes, local activities, and technical committees that:

- Foster original work in all aspects of communications science, engineering and technology.
- Encourage the development of applications that use signals to transfer voice, data, image, and/ or video information between locations.

- Promote the theory and use of systems involving all types of terminals, computers, and information processors; all pertinent systems and operations that facilitate transfer; all transmission media; switched and unswitched networks; and network layouts, protocols, architectures, and implementations.
- And strongly advance developments toward meeting new market demands in systems, products, and technologies such as personal communications services, multimedia communications systems, enterprise networks, and optical communication systems.

INDIRA GANDHI NATIONAL OPEN UNIVERSITY
MAIDAN GARHI, NEWDELHI-110068

Vice Chancellor

Prof.V.N.Rajasekharan Pillai

Phone : 29532707, 29532484

Fax : 29535933

About IGNOU

The Indira Gandhi National Open University was established by an Act of Parliament in 1985. Today it serves the educational aspirations of about 1.5 million students in India and 35 countries abroad through 11 Schools of Studies and an elaborate network of 58 regional centres, 7 sub-regional centres, 1400 study centres, and 41 overseas centres. The University is making all efforts to take higher education to the doorsteps of the hitherto unreached. As of now, we cater to about 10% of all students enrolled in higher education in the country are enrolled with IGNOU. Apart from teaching and research, extension and training form the mainstay of its academic activities. It also acts as a national resource centre; and more importantly, functions as an apex body to promote and maintain standards of distance education. The University has its presence in 35 countries. The Commonwealth of Learning has recognised it as one of its centres of excellence. It also has the unique

privilege of hosting the Secretariats of SAARC Consortium of Open Distance Learning (SACODiL) approved by Heads of Govts. of SAARC Nations and Global Mega Universities Network (GMUNET) initially promoted by UNESCO. The vision statement of the university reads as:

Indira Gandhi National Open University, the National Resource Centre for Open and Distance Learning with international recognition and presence, shall provide seamless access to sustainable and learner-centric quality education, skill upgradation and training to all by using innovative technologies and methodologies and ensuring convergence of existing systems for massive human resource required for promoting integrated national development and global understanding.

In order to fulfil the vision of democratising higher education and providing access to all segments of people, the University

- imparts education and knowledge through various flexible means suited to the open and distance education mode, including information and communication technologies;
- provides higher education and training to large sections of population, particularly the disadvantaged segments of the society;
- promotes national integration and the integrated development of human personality;
- encourages, co-ordinates and assists open universities and distance learning systems to improve standards in such systems.

IGNOU has two main functions:

(i) It offers various academic programmes that lead to Certificates, Diplomas and Degrees. It develops and produces courses for delivery through open learning and distance education mode. IGNOU is also actively involved in research, training and extension education activities.

(ii) In its capacity as an Apex Body, it co-ordinates and monitors distance education system throughout the country. IGNOU has also constituted the Distance Education Council and has provided expertise and assistance to other Open and Distance Learning Institutions in the country.

IGNOU stands significantly apart from other universities because of:

- national jurisdiction
- flexible admission rules
- individualised study: flexibility, in terms of place, pace and duration of study
- use of latest educational and communication technologies
- student support services
- cost-effective programmes
- modular programmes
- resource sharing, collaboration and networking between other Open Universities
