Objectives and Purposes of the IETE

(As per the Article of Association of IETE Clause no. 4)

Aims

The primary aim of the IETE is to promote the advancement of the electronics and telecommunications engineering profession. This includes fostering education, research, and professional development among its members, as well as enhancing the standards of practice within the industry.

Objectives

1. Promotion of Higher Technical Education

To advance and promote education in electronics, telecommunications, and related fields through seminars, workshops, and educational programs.

2. Professional Development/ Continuing Professional Development Programs (CPDP)

To facilitate continuous professional development for members, ensuring they remain informed about the latest technological advancements and practices.

3. Research and Innovation

To encourage research initiatives that contribute to technological innovation and development in electronics and telecommunications.

4. Standard Setting

To establish and promote technical and professional standards and codes of ethics for professional conduct in the field, ensuring high-quality practices.

5. Recognition of Achievements

To acknowledge and reward significant contributions to the field through various awards and recognitions.

6. Policy Advocacy for Technological Development

To actively engage in policy advocacy aimed at promoting technological advancements that serve the overall interests of society, align with national priorities, and support government policies in India.

7. Certification

To develop and implement certification programs and assessment frameworks that validate skills and

knowledge in electronics and telecommunications, ensuring alignment with industry standards.

8. Networking and Collaboration

To create platforms for networking among members and facilitate collaborations with educational institutions, industry partners, and government agencies.

9. Community Engagement

- To advocate for the interests of members and the profession at local, national, and international forums and
- To promote the importance of electronics and telecommunications in society and encourage educational outreach to inspire future generations.

Based on the Aims and Objectives of IETE as per Articles of Association, the technological developments and Government Policies for Digital Techade, the Boards and Committees has been reconstituted for meaningful outcome and Terms of Reference has been redefined as below:

Finance & Policy Planning Committee (FPPC)

1. Objectives:

- To oversee and guide the overall policy planning and strategic conduct of IETE's activities.
- To manage and direct all financial operations, including budgeting, fund allocation, and acquisition of premises.
- To oversee and guide IETE's financial operations and policy planning.
- To ensure accuracy in financial accounts, identify discrepancies, and conduct audits as required.
- Investigate and address any discrepancies or anomalies observed in financial records.
- Implement corrective actions and preventive measures to maintain financial integrity
- Initiate and oversee internal audits to ensure compliance with financial policies and standards

2. Key Responsibilities:

2.1 Policy Planning:

- Formulate and review long-term & short-term policies and strategic plans for IETE.

- Ensure that activities align with the institution's mission and objectives.

2.2 Financial Operations:

- Oversee budgeting, financial planning, and resource allocation.
- Manage funds, including those earmarked for acquiring new premises and maintaining existing ones.
- Review and approve financial reports and audits.

2.3 Recommendations and Decisions:

- Consider and act upon recommendations from other committees and boards related to policy or financial matters.
- Ensure that recommendations align with IETE's financial health and strategic goals.

2.4 Code of Ethics:

- Develop, review, and enforce the IETE Code of Ethics.
- Ensure adherence to ethical standards across all IETE operations.

2.5 Byelaws Amendments:

- Propose and review amendments to IETE's byelaws.
- Ensure that changes are in line with current regulations and institutional needs.

2.6 Staff Matters:

- Oversee policies related to staff management, including recruitment, remuneration, and professional development.
- Address and resolve staff-related issues as they pertain to financial and policy matters.

3. Reporting:

- The FPPC will report to the IETE Governing Council on its activities, decisions, and recommendations.

4. Authority:

- The FPPC has the authority to make recommendations and decisions within its scope of

responsibility. Major policy changes and financial decisions will require approval from the IETE Governing Council.

A-1 Board of Awards (BoA)

1. Objectives:

- To oversee all matters related to the conferment of IETE awards.
- To institutionalize new awards and review existing ones.
- To ensure effective dissemination and publicity of awards.

2. Responsibilities:

2.1 Award Conferment:

- Oversee the selection process for IETE awards, ensuring transparency and fairness.
- Evaluate nominations and select awardees based on established criteria and guidelines.

2.2 Institutionalizing New Awards:

- Develop and propose new awards to recognize exceptional contributions and achievements in electronics and telecommunication.
- Establish criteria, eligibility, and procedures for new awards.

2.3 Review of Existing Awards:

- Periodically review current awards and their relevance to the institution's goals.
- Recommend modifications to existing awards or their criteria as needed to reflect current trends and achievements in the field.

2.4 Dissemination and Publicity:

- Develop and implement strategies for promoting awards and increasing their visibility.
- Coordinate with communication teams to ensure effective dissemination of award announcements and related information.
- Organize and oversee award ceremonies and related events.

3. Reporting:

- The BoA will report to the IETE Governing Council on its activities, decisions, and recommendations regarding awards.

A-2 Board of Research, Innovation, and Standards (BoRIS)

1. Objectives:

- To develop and implement policies for research and innovation.
- To foster collaboration with government, industry, and academia for collaborative research and secure funding
- To participate in setting standards for emerging technologies.
- To organise flagship events at national level and in various zones for Innovations- Industry meets

2. Responsibilities:

2.1 Research and Innovation Policy:

- Formulate policies for establishing research centres and creating research positions within IETE.
- Develop strategies for fostering innovation and supporting research initiatives.

2.2 Liaison and Funding:

- Liaise with ministries, government departments, and industrial entities to secure funding and establish research seats.
- Create and manage a corpus for research and innovation activities.

2.3 Strategic Vision:

- Act as a think tank to generate innovative ideas and enhance IETE's visibility.
- Identify new initiatives for partnerships with industry, academia, and government.

2.4 Standards Development:

- Participate in the formation and updating of standards for electronics, telecommunications, computers, and information technology.

- Address emerging trends and technologies in these fields.

2.5 Research Selection and Publication:

- Select scholars and researchers for various research projects.
- Oversee the publication of research projects and papers.

2.6 Innovation and Industry Engagement:

- Organize Zonal Innovation-Industry Meets and National Level Innovation-Industry Meets to facilitate interaction and collaboration between innovators and industry stakeholders.

2.7 Coordination with BoSD:

- Maintain close interaction with the Board of Skill Development (BoSD) to align research and innovation efforts with skill development initiatives.

A-3 Board of Examination & Assessment and Certification (BEAC)

1. Objectives:

- To oversee and manage all aspects related to examinations, assessments, and certification.
- To ensure effective and timely conduct of assessments and to support student enrolment and program collaboration.

2. Responsibilities:

2.1 Examination and Assessment Management:

- Supervise the conduct of all examinations and assessments.
- Set, moderate, proofread, print, and dispatch question papers to examination centres.
- Manage the printing and timely dispatch of answer books to centres.

2.2 Assessment Centers:

- Review and decide on the addition or deletion of assessment centres based on operational needs and performance.

2.3 Result Management:

- Oversee the compilation, moderation, and declaration of examination results.
- Analyse centre-wise and subject-wise results to identify trends and recommend improvements.

2.4 Policy and Project Approval:

- Make policy decisions related to assessment activities, including approval of projects, seminars, and other related initiatives.

2.5 Online Assessments:

- Conduct online assessments for other organizations as per agreements and ensure quality and compliance.

2.6 Student Enrolment and Services:

- Manage student enrolment for various degree, diploma, and certification programs.
- Act as a single-window agency for all student-related matters and coordinate between students and various sections of HQ.

2.7 Collaboration and Recognition:

- Work with institutions, government bodies, and leading universities for joint certification and awards.
- Pursue recognition of IETE courses for higher education and placement purposes.

B-1 Technical Programmes & Outreach Committee (TPOC)

1. Objectives:

- To foster a vibrant technological environment through the organization and support of seminars, conferences, workshops, and other technical events.
- To enhance IETE's visibility and outreach both nationally and internationally.

2. Responsibilities:

2.1 Technology Events Management:

- Plan, support, encourage, approve, and organize various national and international seminars,

conferences, workshops, tutorials, and exhibitions in cutting-edge technological and socially relevant areas.

2.2 Annual IETE Convention and Mid Term Symposium:

- Plan and organize the Annual IETE Convention (AIC) and Mid Term Symposium (MTS), including determining themes and locations.

2.3 Zonal Seminars and ISF Congress:

- Coordinate with Zonal Mentors and Chairpersons of Centres/Sub-Centres to organize Zonal Seminars and ISF Congress across all zones.

2.4 Memorial Lectures:

- Organize the following annual memorial lectures at IETE HQ and Centres:
 - World Telecommunication and Information Society Day
 - IETE Foundation Day
 - Sir C.V. Raman Memorial Lecture (alternating between Delhi and Bengaluru)
 - Sir J.C. Bose Memorial Lecture
 - IETE Students Day

2.5 National Technical Paper Contest:

- Organize the National Technical Paper Contest (NTPC) annually.

2.6 Apex Forums:

- Conduct Apex Forums in association with the Board of Skill Development (BoSD) and the Board of Research, Innovation, and Standards (BoRIS).

2.7 Technical Program Support:

- Suggest, encourage, and support Individual Study Forums (ISFs) in conducting technical programs.

2.8 Publications and Proceedings:

- Oversee the publication of proceedings and souvenirs for major IETE events.
- Coordinate with other committees to explore publishing select papers from IETE technical events in IETE Journals, Online Journals, or Special Issues.

2.9 Visibility and Outreach:

- Explore all possible avenues to increase IETE's visibility in domestic and global market and entering alliance with prospects.
- Work closely with media to enhance IETE's public presence and achieve institutional objectives.
- Strategize external communications and enhance national and international alliances as part of outreach responsibilities.
- Utilize social media platforms and other media to promote IETE effectively.

2.10 Representation and Sponsorship:

- Actively participate in technological events, forums, and advisory committees to represent IETE and increase its visibility.
- Establish and maintain contacts with industry bodies (e.g., CII, FICCI, ASSOCHAM) and academic institutions to promote IETE.
- Seek sponsorship for various technical events conducted by HQ and Centre/Sub-Centre.

2.11 Membership Development:

- Promote membership development through leaflets, posters, and other publicity materials during technical activities and conferences.
- Work closely with Membership Committee

B-2 Revenue Generation & Strategy Committee (RGSC)

1. Objectives:

- To develop and implement strategies for achieving IETE's aims, objectives, and goals.
- To manage and optimize the use of IETE's assets and resources.
- To oversee revenue generation and ensure the effective utilization of assets.

2. Responsibilities:

2.1 Strategic Roadmap Development:

- Develop a comprehensive roadmap for IETE that aligns with its mission, aims, objectives, and goals.

- Formulate and propose strategies to revamp and grow the institution in line with its strategic vision.

2.2 Strategy and Growth:

- Devise and implement strategies to achieve IETE's goals and objectives.
- Identify opportunities for institutional growth and development, including operational improvements and new initiatives.

2.3 Asset Management:

- Manage all assets, including HQ, Centres, buildings, and other resources, ensuring their optimal utilization and maintenance.
- Develop and enforce policies for the effective use and protection of IETE's assets.

2.4 Asset Audit and Reporting:

- Conduct regular audits of IETE's assets to assess their condition, utilization, and value.
- Prepare and submit detailed audit reports to the IETE Governing Council with recommendations for improvements or corrective actions.

2.5 Revenue Generation:

- Identify and develop revenue generation opportunities for IETE.
- Create strategies for financial sustainability and increased funding, including partnerships, sponsorships, and other revenue streams.

2.6 Liaison and Coordination:

- Maintain close liaison with the IETE headquarters, Zonal Mentors, and all Centres to ensure alignment with strategic goals and effective implementation of strategies.
- Coordinate with various departments and stakeholders to facilitate smooth execution of strategies and initiatives.

B-3 Membership Committee (MC) (CORPORATE, ISF & ORG)

1. Objectives:

- To develop, implement, and monitor comprehensive strategies for the enhancement of all catego-

ries of membership – individual, corporate, organizational, and institutional.

- To oversee and streamline membership processes through digitalization and automation, ensuring transparency, efficiency, and integrity.
- To strengthen the engagement of Institutional Student Forums (ISFs) and organizational members, fostering collaboration and sustained participation.
- To ensure ethical standards, compliance, and data privacy across all membership-related activities.

2. Responsibilities:

2.1 Membership Strategy and Growth

- Develop and execute strategies to increase membership across individual, corporate, institutional, and organizational categories.
- Identify, evaluate, and implement initiatives to attract and retain members, including targeted outreach to PSUs, government organizations, corporates, universities, and colleges.
- Promote the transition of ISF student members to Associate Members post-graduation for continued engagement with IETE.

2.2 Target-Based Planning

- Establish measurable targets for membership growth in all categories.
- Develop and monitor action plans for achieving membership and retention goals.
- Regularly assess progress through data-driven evaluations and digital dashboards.

2.3 Membership Subscription, Fee Structure, and Policy Review

- Review and propose adjustments to membership subscription fees and structures across all categories to ensure equity and sustainability.
- Align fee policies with IETE's strategic goals and financial viability.
- Periodically review the criteria for membership classes, Chartered Engineer Certificates, and other recognitions to ensure fairness and relevance.

2.4 ISF and Organizational Membership Management

- Evaluate and process applications for ISF and organizational memberships across diverse sectors.
- Support Centers/Sub-Centers in expanding ISF chapters and organizational memberships within their regions.
- Monitor and evaluate ISF contribution distribution and utilization to ensure transparency and accountability.
- Recommend and support programs under the IETE banner that enhance engagement and provide value to ISFs and organizational members.

2.5 Ethics, Compliance, and Transparency

- Ensure adherence to IETE's ethical standards and governance in all membership activities.
- Address ethics-related issues among members, ensuring fair and transparent resolution.
- Uphold integrity and consistency in awarding and upgrading membership categories.

2.6 Digitalization and Automation of Membership Processes

- Oversee the digital transformation of membership systems, including application, approval, renewal, and data management workflows.
- Implement secure and efficient digital platforms to manage membership databases and communication.
- Promote automation for real-time reporting, analytics, and performance tracking of membership growth.

2.7 Data Management, Security, and Privacy

- Maintain robust data management protocols to ensure accuracy, confidentiality, and compliance with data protection standards.
- Define and enforce access control mechanisms for sensitive membership data.
- Facilitate timely and accurate information exchange between IETE HQ, Centers, and Sub-Centers.

2.8 Membership Audit and Quality Assurance

- Conduct regular audits of membership records to identify discrepancies and ensure compliance with established criteria.
- Verify consistency and integrity in data entry, classification, and reporting.
- Recommend corrective measures to strengthen governance and quality assurance in membership management.

2.9 Coordination and Capacity Building

- Build coordination frameworks between IETE HQ, Centers, and Sub-Centers for unified membership initiatives.
- Organize training and capacity-building sessions for regional offices to improve membership engagement and data handling efficiency.
- Encourage knowledge sharing and best practices through digital platforms.

B-4 Women Empowerment Excellence Leadership Committee (WEELC)

1. Objectives:

- To develop and implement specialized programs for the empowerment of women engineers.
- To support and encourage entrepreneurship development among women engineers.
- To foster a vibrant community of IETE women leveraging their diverse talents for community benefit.
- To recognize and celebrate the achievements of women engineers.
- To enhance networking and membership through strategic events and initiatives.

2. Responsibilities:

2.1 Empowerment Programs:

- Develop and implement specialized programs aimed at empowering women engineers.
- Create initiatives that address barriers to career advancement and provide support for women engineers at various stages of their careers.

2.2 Entrepreneurship Development:

- Design and promote programs that support women engineers in entrepreneurial ventures.
- Offer workshops, mentoring, and resources to assist women in starting and growing their own businesses.

2.3 Community Building:

- Foster a vibrant community of IETE women engineers, encouraging collaboration and innovation.
- Organize events and forums to showcase and utilize the diverse talents of women engineers for community benefit.

2.4 Achievement Recognition:

- Identify and nominate outstanding women engineers for IETE Awards in Electrical and Electronics, Computer, and Information Technology fields.
- Develop and promote recognition programs to celebrate the accomplishments of women engineers.

2.5 Networking and Membership Promotion:

- Organize meetings and events at major technical conferences to enhance networking among women engineers.
- Promote membership in WEELC and encourage participation in IETE's initiatives.

2.6 Leadership Advocacy:

- Advocate for increased representation of women in leadership and governance roles within technical fields.
- leadership positions.

2.7 Success Stories and Mentorship:

- Approach senior women members to share their success stories, which will be featured in the IETE Newsletter.
- Develop and implement mentoring plans for young female students, including organizing mentorship programs and providing career guidance.

2.8 DST Programs and Schemes:

- Study relevant programs and schemes from the Department of Science and Technology (DST) related to women's skill development.
- Guide IETE Centres and Sub-Centres in implementing and benefiting from these programs and schemes.

2.9 Coordination and Collaboration:

- Coordinate with other IETE committees and external organizations to align efforts and maximize the impact of empowerment and leadership initiatives.
- Work closely with relevant stakeholders to integrate programs and ensure comprehensive support for women engineers.

B-5 Centre Evaluation, Assessment & Awards Committee (CEAAC)

1. Objectives:

- To evaluate and advance the performance and growth of IETE Centres and Sub-Centres.
- To establish performance criteria and recognize exceptional Centres and Sub-Centres through awards.

2. Responsibilities:

2.1 Performance Assessment:

- Develop and implement criteria for evaluating the performance of IETE Centres and Sub-Centres.
- Conduct periodic assessments to ensure Centres meet or exceed performance standards and objectives.

2.2 Mentoring and Support:

- Provide targeted mentoring and support to Centres to enhance their operational effectiveness and growth.
- Identify and address challenges faced by Centres, offering resources and guidance for improvement.

2.3 Monitoring:

- Monitor ongoing activities and performance of

Centres and Sub-Centres to ensure alignment with IETE goals.

- Regularly review Centre activities, achievements, and areas needing improvement.

2.4 Awards and Recognition:

- Develop and manage the process for selecting and awarding “Best Centre” and “Best Sub-Centre” recognitions.
- Ensure that the awards process is transparent, equitable, and based on well-defined performance criteria.

2.5 Criteria Development:

- Establish and periodically review performance assessment criteria for Centres and Sub-Centres.
- Ensure criteria reflect IETE’s strategic objectives and support the growth and development of Centres.

2.6 Reporting:

- Prepare and submit reports on Centre performance assessments, mentoring activities, and award recommendations to the IETE Governing Council.
- Provide detailed feedback and actionable insights based on assessment outcomes.

2.7 Policy and Procedure Review:

- Review and recommend updates to policies and procedures related to Centre performance and advancement.

2.8 Coordination:

- Collaborate with Zonal Mentors, other IETE committees, and relevant stakeholders to ensure comprehensive support and coordination for Centres.
- Facilitate communication between Centres and IETE HQ to ensure alignment and support.

C-1 Academic Programs and Policy Committee (APPC)

1. Objectives:

- To develop and oversee policies related to academic programs, accreditation, and curriculum design.

- To support the evolution of IETE's educational offerings in alignment with national standards and emerging trends.
- To ensure that academic programs meet accreditation requirements and adapt to changes in educational policy.

2. Responsibilities:

2.1 Policy Development:

- Formulate policies regarding the award of degrees, diplomas, and certificates in new and emerging areas, including those aligned with the National Education Policy (NEP) 2020.
- Develop and implement procedures for accrediting new programs and maintaining accreditation for existing ones.

2.2 Digital University Status:

- Process and advocate for IETE's case for achieving Digital University status in collaboration with the Digital University Committee.
- Support and facilitate the necessary documentation and compliance requirements for this status.

2.3 Accreditation Policies:

- Develop and oversee policies and procedures related to the accreditation of IETE programs.
- Ensure that accreditation processes align with national and international standards.

2.4 Curriculum Design:

- Collaborate with the Course Design Committee to design and review curricula for IETE programs.
- Ensure that the curriculum remains relevant, rigorous, and incorporates innovative and up-to-date content.

2.5 Syllabi Development and Review:

- Oversee the development and periodic review of syllabi to ensure that academic programs reflect current trends and advancements in the field.
- Recommend and integrate new contents and innovative program designs as needed.

2.6 Virtual Labs and Laboratory Upgrades:

- Identify and recommend virtual lab initiatives and upgrades to existing laboratories across IETE Centres.
- Ensure that laboratories meet or exceed AICTE and other certification agency standards.

C-2 Technical & Research Publication Committee (TRPuB)

1. Objectives:

- To oversee and manage all aspects of IETE's publications, including technical & research journals and newsletters.
- To coordinate with other professional institutions for joint publications and ensure the smooth functioning of the publication process.
- To develop and maintain digital and physical resources for IETE's publications.

2. Responsibilities:

2.1 Management of IETE Publications:

- Oversee the publication of IETE's key journals: Journal of Research, Technical Review, and Journal of Education (Students Journal).
- Manage the production and distribution of the IETE Newsletter.
- Ensure that all publications meet quality standards and adhere to IETE's guidelines.

2.2 Joint Technical Publications:

- Plan and organize joint technical publications with other professional institutions, such as IEEE.
- Collaborate with partner institutions to produce and disseminate high-quality research and technical content.

2.3 Article Reproduction:

- Facilitate the reproduction of articles from other reputable publications where appropriate and permitted.
- Ensure proper citation and adherence to copyright regulations for reproduced content.

2.4 Editorial Boards and Honorary Editors:

- Select Editorial Boards and Honorary Editors for special issues of the IETE Journal of Research and IETE Technical Review.
- Ensure that the editorial teams are composed of experts with relevant qualifications and experience.

2.5 Online Submission and Review System:

- Oversee the development and maintenance of an efficient online submission and review system for journal articles.
- Ensure that the system is user-friendly and supports the timely and transparent review process.

2.6 ISSN and Special Publications:

- Apply for International Standard Serial Numbers (ISSN) for all IETE journals and special publications.
- Facilitate the production of a separate Students Journal and proceedings of conference best articles.

2.7 Digital Library:

- Establish and maintain a digital library for all IETE journals, conference proceedings, and other publications.
- Ensure the digital library is accessible, organized, and up-to-date.

2.8 Scholarly Indexing:

- Interact with publishers and indexing services such as Springer, Scopus, Elsevier, and others to include IETE publications in scholarly indexes.
- Enhance the visibility and impact of IETE's publications through indexing and collaboration with academic databases.

2.9 Government Grants:

- Approach government ministries and other relevant bodies to apply for grants and financial support for IETE publications.
- Manage and report on the use of funds obtained through grants to support publication activities.

C-3 Course Design and Content Committee (CDCC)

1. Introduction

The Course Design and Content Committee (CDCC) is established to oversee and guide the **design and development of courses** for emerging technologies and courses under NEILIT and NFSU. The committee ensures that all courses are well-structured, relevant, and aligned with current industry and academic standards.

2. Purpose

The committee is responsible for:

- Developing and reviewing curriculum and course content.
- Ensuring that course materials are accurate, comprehensive, and up-to-date.
- Integrating practical and theoretical components to enhance learning outcomes.

3. Objectives

- **Course Design:** Establish clear learning objectives, outcomes, and assessment criteria.
- **Content Development:** Create and maintain high-quality course materials aligned with emerging technologies.
- **Continuous Improvement:** Update content periodically based on industry trends, technological advancements, and feedback.

4. Responsibilities

- Develop detailed course outlines, including objectives, learning outcomes, and assessment methods.
- Design course modules that integrate theory with practical applications.
- Review and update existing course content to ensure relevance and alignment with current standards.
- Ensure consistency, accuracy, and quality across all course materials.
- Provide guidance to content developers and instructional designers in creating effective learning resources.

C-4 Centres Activities Growth Committee (CAGC)

1. Objectives:

- To oversee and support the functioning, growth, and development of IETE Centres, Sub-Centres, and Professional Activity Centres (PACs).
- To ensure that Centres and PACs operate effectively, meet their objectives, and align with IETE's overall goals.

2. Responsibilities:

2.1 Review and Evaluation:

- Conduct periodic and annual reviews of the status, performance, and activities of Centres, Sub-Centres, and PACs.
- Assess the effectiveness of each Centre and PAC in meeting IETE's strategic goals.

2.2 Functioning and Growth:

- Address all matters related to the functioning and growth of Centres, Sub-Centres, and PACs.
- Provide guidance and support for the development and enhancement of Centre and PAC activities.

2.3 Elections:

- Oversee and manage the election processes for the Executive Committees of Centres and Sub-Centres.
- Ensure that elections are conducted in accordance with IETE rules and regulations.

2.4 Rules and Regulations:

- Periodically review and update the rules and regulations governing the operation of Centres, Sub-Centres, and PACs.
- Ensure that Centres and PACs adhere to current guidelines and procedures.

2.5 Infrastructure:

- Oversee matters related to the creation, upgradation, and utilization of infrastructure at Centres and PACs.
- Make recommendations for improvements and necessary upgrades.

2.6 Establishment and Management:

- Facilitate the establishment of new Centres/Sub-Centres at university campuses and other locations without requiring grants.
- Manage the processes for upgrading, opening, and closing Centres, Sub-Centres, and PACs.

2.7 Grants and Loans:

- Review and revise grants allocated to Centres and/or frame rules for grant distribution.
- Consider and recommend applications for grants and loans from Centres to the Governing Council.

2.8 Performance Monitoring:

- Conduct periodic assessments and mentoring of Centre performance.
- Monitor and support Centres to ensure continuous improvement and alignment with IETE objectives.

2.9 Geographical Jurisdiction:

- Address matters related to the geographical jurisdiction of Centres and Sub-Centres.
- Ensure that jurisdictions are managed effectively and align with IETE's strategic goals.

2.10 Standard Operating Procedures (SoP):

- Review and revise the Standard Operating Procedures (SoP) for IETE Centres and Sub-Centres.
- Ensure that SoPs are up-to-date and reflect best practices.

2.11 Ex-Officio Members:

- Review and update the list of Ex-officio members of the Governing Council based on eligibility criteria and membership details as of 31 March each year.

2.12 Liaison:

- Maintain close liaison with Zonal Mentors to ensure effective coordination and support for Centres and PACs.

C-5 Skill Development and Training Committee (SDTC)

1. Objectives:

- To oversee and implement skill development programs and training initiatives.
- To collaborate with various organizations and industry stakeholders to enhance skill development opportunities.

2. Responsibilities:

2.1 Skill-Based Workshops and Training:

- Conduct skill-based workshops and training sessions as per MoUs signed with various organizations.
- Evaluate new proposals for Skill Development and Training and recommend to Governing Council based on their merit.
- Support Centers and Sub-Centers in organizing training programs.

2.2 Collaboration with National Bodies and International Bodies:

- Coordinate training programs under NSDC, NCVET, MeitY and the Department of Science & Technology (DST) etc.
- Collaborate with NIELIT to conduct relevant training programs.

2.3 Industry and Policy Interaction:

- Plan and organize interactions with industry, laboratories, commercial organizations, and manufacturing associations.
- Assist in the formulation of policies related to skill development through these interactions.

2.4 Expert Base Directory:

- Create and maintain a directory of experts in various fields for industry consultancy services.
- Identify areas of expertise to provide consultancy to small-scale industries.

2.5 Coordination with Other Boards:

- Maintain close interaction with the Board of Research, Innovation, and Standards (BoRIS) and the Technical Programs & Publicity Committee (TPoC) for aligned skill development initiatives.

2.6 Specialty Courses and Modern Technology:

- Plan and direct the development of area-specific specialty courses using modern technology.
- Guide Centers and Sub-Centers in implementing these courses effectively.

2.7 Identification of New Programs:

- Identify and assess new and feasible programs and courses for IETE.
- Explore opportunities such as:
 - Assessment and accreditation for Skill Sector Councils and NCVET.
 - Value addition programs for diploma pass-outs and degree graduates to enhance employability and entrepreneurship.
 - Faculty development initiatives.

C-6 Corporate Training & Collaboration Committee (CTCC)

1. Objectives:

- To oversee and manage capacity building and corporate training programs.
- To develop and execute mid-career programs in modern technologies.
- To facilitate corporate collaborations for corporate training and placement.

2. Responsibilities:

2.1 Capacity Building and Corporate Training:

- Plan, procure, and execute capacity building and corporate training programs tailored for industries, Public Sector Undertakings (PSUs), and Small and Medium Enterprises (SMEs) / Micro, Small, and Medium Enterprises (MSMEs).
- Ensure the training programs meet the needs and requirements of the target organizations.

2.2 Mid-Career Program Development for Members based on corporate need:

- Devise and implement mid-career training programs focused on modern technologies for professionals seeking career advancement.
- Ensure these programs address current technological trends and skill gaps in the industry.

2.3 Faculty Development Programs:

- To spearhead FDP programs with BoSD,
- BoCTC is primarily responsible for FDPs design, development and implementation
- Liaison with relevant Governmental agencies to get certain programs assigned to IETE.

2.4 Corporate Sector Collaboration:

- Establish and manage partnerships with the corporate sector to address their staff training needs.
- Facilitate placements for individuals who have completed skill development courses or training programs.

2.5 Coordination with Other Boards and Committees:

- Collaborate with the Board of Skill Development (BoSD) to align training programs with skill development initiatives.
- Work with the Course Design and Implementation Committee (CDIC) to ensure the design and execution of training programs meet industry standards and requirements.

C-7 Accessibility and Inclusivity for Engineers Committee (AIEC)

Justification for the Accessibility and Inclusivity for Engineers Committee. Accessibility and inclusivity are critical components for the holistic development of engineers, particularly those with disabilities (PWDs). Engineers with disabilities have shown exceptional performance in various sectors, often leveraging their unique perspectives and problem-solving skills to drive innovation. However, to fully integrate these talented individuals into the engineering profession, it is essential to provide them with the necessary support, specialized training, and inclusive educational opportunities.

The need for specialized programs and tools tailored to the requirements of PWDs is urgent. The advent of technologies such as IoT and AI offers promising avenues to create innovative aids and tools that can facilitate their participation in engineering roles. By collaborating with ministries, universities, institutions, and The Skill Council

for Persons with Disability (SCPwD), IETE can ensure that engineers with disabilities are given equal opportunities to contribute to and benefit from the profession. This commitment aligns with IETE's national service mandate and promotes a more equitable and diverse engineering workforce.

1. Objectives:

- To advance accessibility and inclusivity for engineers, with a focus on individuals with disabilities (PWDs).
- To develop and implement specialized programs, tools, and training to support the integration and growth of engineers with diverse needs.

2. Responsibilities:

2.1 Accessibility and Inclusivity Programs:

- Develop and propose strategies to enhance accessibility and inclusivity within IETE's educational and professional frameworks.
- Create and implement initiatives that ensure engineering programs, facilities, and resources are accessible to engineers with disabilities.

2.2 Specialized Training and Courses:

- Design and oversee specialized training programs and courses tailored for engineers with disabilities.
- Collaborate with educational institutions and industry partners to deliver these programs effectively.

2.3 Collaboration with Key Stakeholders:

- Work closely with the Ministry of Social Justice, universities, institutions, and The Skill Council for Persons with Disability (SCPwD) to align efforts and share best practices.
- Engage with these bodies to advocate for policies and programs that support the inclusion of PWDs in the engineering field.

2.4 Development of Aids and Tools:

- Facilitate the development of assistive technologies and tools using IoT and AI to support engineers with disabilities.

- Collaborate with tech developers and research institutions to innovate and deploy solutions that enhance accessibility and participation.

2.5 Advocacy and Awareness:

- Promote awareness about the benefits of including engineers with disabilities and advocate for their rights and needs within the profession.
- Develop initiatives to raise awareness and support among IETE members and stakeholders about accessibility and inclusivity.

2.6 Support Services:

- Recommend and implement support services that address the specific needs of engineers with disabilities, including adaptive technologies and accommodations.
- Ensure these services are effectively integrated into IETE's offerings.

2.7 Monitoring and Evaluation:

- Monitor and evaluate the impact of accessibility and inclusivity initiatives and programs.
- Provide recommendations for improvements based on performance metrics and feedback.

Special Committees 2025-26

S-1 Byelaws & Staff Rules Committee (BSRC)

1. Preamble

The Bye Laws / Staff Service Rules Committee is established to review and suggest necessary changes to the Bye Laws and Staff Service Rules of the Institution of Electronics and Telecommunication Engineers (IETE). The Committee's goal is to ensure that these governing documents remain relevant, effective, and supportive of the Institution's growth and operational needs.

2. Purpose

The purpose of the Bye Laws / Staff Service Rules Committee is to:

- Review the current Bye Laws and Staff Service Rules to identify areas needing updates or modifications.

- Recommend changes based on contemporary needs, operational bottlenecks, and best practices.
- Support the Institution in achieving its strategic goals through well-structured and up-to-date governance and staff management policies.

3. Scope

The Committee will focus on:

- **Review of Existing Bye Laws:**
 - Analyze the current Bye Laws to determine their effectiveness and relevance.
 - Identify and document areas where the Bye Laws may be outdated, inconsistent, or insufficient.
- **Review of Staff Service Rules:**
 - Examine the existing Staff Service Rules to assess their adequacy in addressing current operational and staff management needs.
 - Identify issues related to staff rights, responsibilities, and overall service conditions.
- **Identifying Bottlenecks and Issues:**
 - Collect and review feedback from stakeholders regarding the existing Bye Laws and Staff Service Rules.
 - Identify operational bottlenecks and areas of inefficiency or dissatisfaction.
- **Research and Benchmarking:**
 - Conduct research on best practices and benchmarks from similar organizations.
 - Compare IETE's Bye Laws and Staff Service Rules with those of other institutions to identify potential improvements.
- **Recommendation of Changes:**
 - Develop recommendations for revisions or additions to the Bye Laws and Staff Service Rules.
 - Ensure that proposed changes align with contemporary needs and support the Institution's growth and operational efficiency.

- **Drafting Amendments:**
 - Prepare draft amendments to the Bye Laws and Staff Service Rules based on the Committee’s findings and recommendations.
 - Ensure that drafts are clear, actionable, and compliant with relevant legal and regulatory requirements.
- **Consultation and Feedback:**
 - Engage with stakeholders, including staff members, management, and the Governing Council, to gather input on proposed changes.
 - Incorporate feedback into the final recommendations.
- **Presentation of Recommendations:**
 - Present final recommendations and draft amendments to the Governing Council for review and approval.
 - Provide explanations and justifications for proposed changes as needed.

S-2 Government Affairs and Higher Educational Institutions Committee (GAHEIC)

1. Background

As India accelerates its journey toward becoming a digitally empowered society and knowledge economy, strong collaboration between professional institutions, government agencies, and higher educational institutions (HEIs) is essential. The IETE, established in 1953, plays a pivotal role in advancing electronics, telecommunications, ICT, and allied technologies. To maintain leadership in this dynamic landscape, IETE must strengthen its institutional linkages with **government ministries, regulatory bodies, and universities** to influence policy, align with national missions, and expand academic partnerships.

The **Government Affairs and Higher Educational Institutions Committee (GAHEIC)** will serve as a strategic interface to promote IETE’s role in public policy, regulatory engagement, academic collaboration, and national capacity building.

2. Objectives

- **Policy Advocacy:** To engage with central and state government bodies, policy institutions, and regulators to promote IETE's mission and contribute to national policies in ICT, education, and innovation.
- **Academic Partnerships:** To foster collaborations with universities, IITs, NITs, and other higher educational institutions for curriculum alignment, joint research, and professional education.
- **Government Liaison:** To establish a structured communication and partnership mechanism with ministries and departments for representation in national initiatives.
- **Capacity Building:** To promote joint programs that enhance skill development, research excellence, and entrepreneurship in alignment with NEP 2020 and national digital transformation goals.
- **National Recognition:** To position IETE as a key knowledge and implementation partner to government and academic ecosystems.

3. Responsibilities

3.1 Government Liaison and Policy Interface

- Build and maintain active engagement with relevant ministries, and other relevant agencies.
- Represent IETE in government committees, advisory panels, and consultations on ICT policy, standards, and skill development.
- Contribute to policy papers, position notes, and recommendations that influence national ICT, innovation, and higher education policies.

3.2 Collaboration with Higher Educational Institutions

- Develop **MoUs** and strategic partnerships with universities, IITs, NITs, and other institutions to promote academic collaboration, research, and professional development.
- Support the establishment of **IETE Cells** and **Institutional Student Forums (ISFs)** within HEIs to engage students and faculty in innovation-driven learning.

- Facilitate the exchange of academic resources, joint seminars, workshops, and collaborative research projects.
- Work with HEIs to integrate IETE certifications and short-term programs into their curricula, promoting skill-based education aligned with NEP 2020.

3.3 Academic Accreditation and Recognition

- Liaise with AICTE, UGC, and other accreditation bodies for recognition of IETE programs, courses, and certifications.
- Ensure that IETE's academic offerings are compliant with regulatory frameworks and nationally recognized qualification standards (NSQF).
- Support IETE Centres in securing affiliations and collaborations with regional universities and technical institutions.

3.5 Government Projects and Funding Linkages

- Identify and facilitate participation in government-funded projects, tenders, and research grants in collaboration with HEIs and industry.
- Mobilize support for national-level technology demonstrations, pilots, and policy experiments under government missions.
- Prepare proposals and facilitate joint bids with HEIs for R&D and innovation-focused programs.

S-3 Process Audit & Quality Certifications Committee (PAQCC)

1. Background

As IETE evolves in alignment with the **National Education Policy (NEP) 2020**, **Digital India**, and global standards in technical education and professional practice, it is imperative to ensure that all institutional processes meet the highest standards of **efficiency, transparency, accountability, and quality assurance**.

The **Process Audit & Quality Certifications Committee (PAQCC)** is constituted to establish a comprehensive framework for **internal audits, process evaluations, and quality certifications** across IETE Headquarters, Centres and Sub-Centres.

This committee will play a pivotal role in developing standardized processes to ensure compliance with accreditation and certification norms

2. Objectives

- **Process Standardization:** To develop, document, and maintain standardized procedures and workflows across all operational, academic, and administrative functions of IETE.
- **Quality Certification:** To guide and facilitate IETE's pursuit of national and international quality certifications (e.g., ISO 9001, ISO 21001).

3. Responsibilities

3.1 Development Process Audit and Evaluation

- Develop process for internal audits of IETE Headquarters, Centres and Sub-Centres

3.2 Process Documentation and Standardization

- Develop a Process Documentation Manual covering administrative, academic, membership, and governance procedures.

3.3 Quality Management Systems (QMS)

- Design, implement, and monitor a Quality Management System (QMS) across IETE to ensure consistency and continuous improvement.
- Facilitate the adoption of ISO 9001 (Quality Management), ISO 21001 (Educational Organizations Management Systems), and other relevant certifications.

S- 4 Academic and Technical Advancement Committee (ATAC)

1. Background

There is a pressing need to strengthen IETE's academic and technical foundation. Rapid advancements in Artificial Intelligence (AI), 5G/6G, Cybersecurity, Internet of Things (IoT), Cloud Computing, Quantum Technologies, and Digital Transformation are redefining the ICT landscape.

To remain at the forefront of technical education and innovation, IETE must ensure that its curriculum, pedagogy, and certification programs are aligned with emerging

industry needs, government initiatives such as **NEP 2020**, **Skill India**, **Digital India**, and **Atmanirbhar Bharat**, and international academic standards.

2. Objectives

- **Curriculum Innovation:** To design and develop higher education courses and programs that reflect the latest technological trends and industry demands.
- **Academic Excellence:** To strengthen the academic framework by updating curricula, enhancing teaching methodologies, and fostering interdisciplinary learning.
- **Industry Integration:** To align programs with current and emerging industrial practices through active collaboration with industry experts, research institutions, and government bodies.
- **Skill and Competency Development:** To promote outcome-based education that emphasizes employability, entrepreneurship, and innovation.
- **Accreditation and Global Standards:** To ensure that IETE's programs and certifications align with national and international accreditation frameworks and academic benchmarks.

3. Responsibilities

3.1 Curriculum Design and Development

- Develop and periodically update the curricula for diploma, degree, and postgraduate programs in electronics, telecommunications, information technology, and allied domains.
- Introduce new programs in emerging technologies such as AI, Machine Learning, 5G/6G, IoT, Cybersecurity, Quantum Computing, Green ICT, and Digital Governance.
- Ensure curriculum alignment with the **National Education Policy (NEP) 2020**, **National Skills Qualifications Framework (NSQF)**, and industry standards.
- Promote multidisciplinary, flexible learning models, including credit transfer and modular certification options.

3.2 Industry Collaboration and Integration

- Establish partnerships with industry, startups, research organizations, and professional bodies to co-develop courses, internships, and experiential learning programs.
- Create industry advisory panels to provide input on curriculum relevance and skill alignment.
- Incorporate industry-led projects, guest lectures, and mentorship programs into the academic ecosystem.

3.3 Research, Innovation, and Emerging Technologies

- Integrate research-based learning and innovation-driven coursework to encourage creativity and problem-solving.
- Support the development of Centers of Excellence (CoEs) in cutting-edge technology domains.
- Foster collaboration with IITs, NITs, universities, and global institutions to co-create specialized research and certification programs.

3.4 Faculty Development and Academic Capacity Building

- Identify and address faculty training needs to ensure competence in emerging technology domains and modern pedagogical tools.
- Organize **Faculty Development Programs (FDPs)**, workshops, and certification courses in collaboration with premier institutions and industry partners.
- Encourage continuous learning, research publications, and participation in national and international academic forums.

3.5 Digital Learning and Pedagogical Transformation

- Leverage digital platforms, MOOCs, and Learning Management Systems (LMS) for hybrid and online learning.
- Promote outcome-based and competency-based education with continuous assessment and feedback mechanisms.
- Integrate experiential learning, simulation-based labs, and AI-enabled adaptive learning systems to enhance student engagement.

3.6 Accreditation, Evaluation, and Quality Assurance

- Ensure that all programs meet national and international accreditation standards (AICTE, NBA, NAAC, ABET, etc.).
- Develop internal mechanisms for **academic audit**, performance evaluation, and continuous improvement.
- Establish benchmarks for student outcomes, research impact, and employability metrics.

3.7 Collaboration with Government and Policy Bodies

- Align academic initiatives with government missions such as NEP 2020, Skill India, Make in India, and Digital India.
- Engage with regulatory and policy bodies (AICTE, UGC, DST, NASSCOM, and MeitY) for recognition and support.
- Contribute to national efforts in developing a skilled, future-ready workforce through ICT-driven education.

S-5 Institutional Restructuring and Strategic Competence Committee (IRSC)

The need for restructuring IETE stems from the rapid advancements in the ICT sector, which demand that the institution adapt to remain at the forefront of technological innovation and educational excellence. Established in 1953, IETE must evolve its organizational structure to align with contemporary government policies, such as the National Education Policy (NEP) 2020 and initiatives like Digital India, which emphasize digital integration and skill development. Restructuring will enable IETE to enhance its curriculum, address emerging skills gaps, optimize operational efficiency, and better align its workforce with new technological requirements. This strategic overhaul is crucial for maintaining IETE's prestigious role in advancing electronics, telecommunications, and IT, ensuring its continued relevance and impact in a rapidly changing technological landscape.

1. Objectives:

- **Restructure IETE:** To develop and implement a comprehensive restructuring plan for IETE to align with rapid advancements in the ICT space, government initiatives, and policies.

- **Competence Development:** To enhance competence development and capacity building within the institution to meet new technology requirements and organizational changes.
- **Talent Mapping:** To evaluate and map the existing workforce's skills and capabilities against the new structure and emerging technology needs.

2. Responsibilities:

2.1 Restructuring Plan Development:

- **Assessment:** Conduct a thorough assessment of IETE's current organizational structure, processes, and practices.
- **Benchmarking:** Review best practices and successful restructuring models from similar institutions or organizations in the ICT sector.
- **Strategic Alignment:** Ensure that the restructuring plan aligns with government policies, technological advancements, and IETE's strategic goals.
- **Structure Design:** Develop a proposed organizational structure that incorporates new roles, departments, and functions necessary to address technological advancements and government initiatives.

2.2 Competence Development and Capacity Building:

- **Needs Analysis:** Identify skills gaps and training needs within IETE's workforce based on the new structure and technology requirements.
- **Training Programs:** Design and implement comprehensive training and development programs to enhance employees' competencies in emerging technologies and areas of strategic importance.
- **Continuous Learning:** Establish mechanisms for continuous learning and professional development to keep pace with ongoing technological changes.

2.3 Talent Mapping and Workforce Alignment:

- **Skills Inventory:** Conduct a detailed inventory of current employees' skills, qualifications, and experience.

- **Gap Analysis:** Compare the existing skills and qualifications with the requirements of the new organizational structure and technology landscape.
- **Talent Deployment:** Develop strategies for redeploying, upskilling, or recruiting talent to fill gaps and align with the new structure.

2.4 Implementation Strategy:

- **Action Plan:** Create a detailed action plan for implementing the restructuring, including timelines, milestones, and resource requirements.
- **Change Management:** Develop and execute a change management strategy to facilitate smooth transition and adaptation to the new structure.
- **Communication:** Ensure clear and effective communication with all stakeholders about the restructuring process, changes, and expected outcomes.

2.5 Monitoring and Evaluation:

- **Progress Tracking:** Monitor the progress of the restructuring process against the action plan and key performance indicators.
- **Feedback Mechanism:** Establish feedback mechanisms to gather input from employees and stakeholders and address any issues or concerns.
- **Evaluation:** Regularly evaluate the effectiveness of the restructuring and make necessary adjustments to ensure successful implementation.

2.6 Reporting:

- **Updates:** Provide regular updates to IETE's leadership on the status of the restructuring process, including progress, challenges, and achievements.
- **Final Report:** Prepare a comprehensive final report detailing the outcomes of the restructuring, including achievements, lessons learned, and recommendations for future improvements.

S-6 Membership Data Audit

- Formulating a structured strategy to verify and validate the accuracy of data contained in

members database, specifically including, but not limited to mobile numbers and email addresses of the members. The Committee shall endeavour to authenticate each corporate member data and verify the correctness of their respective records.

- Each member should upload his / her latest photograph and Aadhar card/ any government document to establish his / her identity.
- An approach and mechanism need to be defined to reach the member via email, phone number, through calling, through Centres or via print / social media.
- Committee may ensure that both email and mobile/ phone number are available. In case email is not available, it should be explicitly mentioned as NA.
- In case a corporate member had demised, name of the confirming member and relationship with the member to be noted.
- Updation of the data base should be done after the request comes through a registered email or mobile number, else a methodology may be devised by the committee.
- The committee may co-opt any one person from IETE corporate members and / or may invite him / her as a Special Invitee/ SME, if required to assist in verification of data.
- The committee shall submit its report / recommendations to the President IETE by 15 Dec 2025.

S-7 Building Assets, Documentation and Staffing Committee

1. Objective

To conduct a comprehensive audit of all IETE-owned and rented buildings, associated assets, tax and statutory documentation, utilities, and human resources across all centres and headquarter buildings. The audit will assess legal status, compliance, buildings utilization, physical condition, operational efficiency, and provide a Standard Operating Procedure (SOP) for long-term governance.

2. Scope of the Audit

The audit will cover:

- Ownership status (owned/rented) and legal documentation
- Physical condition of buildings and premises
- Municipal tax and other statutory dues compliance
- Utility services (electricity, water, internet, etc.) and associated payments
- Inventory and condition of assets
- Utilization analysis of infrastructure
- Staffing levels, qualifications, roles, and adequacy (Hiring System)
- Administrative systems and record-keeping
- Headquarters infrastructure, staffing, and operational efficiency

3. Audit Timeline and Phasing (6 Months)

Phase 1: Planning & Prioritization (Month 1)

- Prepare a comprehensive list of all centres and categorise by:
 - Ownership (owned/rented)
 - Age and condition of building
 - Pending legal/tax issues
- Identify 5-7 centres with high concern or strategic importance for the audit on priority
- Prepare audit formats, data checklists, site visit calendar

Phase 2: Field Audit (Months 2-5)

- Conduct on-site inspections (physical + document review) of prioritized centres
- Prepare centre-wise reports in a rolling format every two weeks
- Continue visits to remaining centres in order of priority
- Also conduct the exercise for buildings in direct control of HQ

Phase 3: Finalization & SOP Creation (Month 6)

- Compile and finalize reports with findings & recommendations

- Develop SOP for:
 - Building & asset maintenance
 - Record-keeping & statutory compliance
 - Utility tracking & optimization
 - Human resource management
- Submit final report to HQ

4. Reporting Mechanism

- **Progressive Reports:** Submit centre-wise audit reports in batches every month.
- **Bi-Monthly Summary:** Overall progress review submitted to the HQ
- **Final Report:** Comprehensive report with findings, risks, recommendations, and SOP

5. The committee shall:

- Conduct physical and documentary audit of all IETE-owned and rented centres and headquarters
- Assess structural safety, cleanliness, repairs needed, and space utilization
- Verify all building ownership/rent documents, lease status, and renewals
- Check status of taxes, municipal and statutory dues paid, with receipts and due dates
- Evaluate utility and identify inefficiencies
- Verify Inspect asset register, condition of assets, depreciation records maintained by EC if any
- Assess adequacy and efficiency of staffing
- Identify vacant or underutilized assets or space
- Prioritize audit for centres where risks/liabilities seem higher (due to legal issues, old construction, complaints, etc.)
- Interact with local centre heads and staff.
- Propose remedial measures including:
 - Renovation/repairs
 - Staffing changes
 - Closure/relocation of rented properties (if non-viable)
 - Digital documentation improvements

- Develop a Standard Operating Procedure (SOP) for ongoing building, asset, and HR governance
- Make recommendations with cost-benefit insights

6. Deliverables

- **Progress Reports:** Centre-wise audit reports (every 2 weeks)
- **Final Audit Report:** Consolidated findings and recommendations
- **SOP Document:** For buildings, assets, and HR management

S-8 Ethics Committee

1. Preamble

To uphold the concept of professional conduct among its Corporate Members, the Governing Council of the Institution of Electronics and Telecommunication Engineers (IETE) has recognized the necessity of establishing a Code of Ethics. This Code aims to guide Corporate Members in maintaining the highest standards of honesty, integrity, justice, and courtesy, both in their professional activities and day-to-day conduct.

2. Purpose

The Ethics Committee is established to ensure that the principles of the Code of Ethics are consistently practiced by Corporate Members, particularly during elections and in daily operations. The Committee is responsible for overseeing ethical conduct, handling related complaints, and fostering a culture of ethical behaviour.

3. Scope

The Ethics Committee will:

- Ensure adherence to the Code of Ethics during all IETE elections, including candidate behaviour and election procedures.
- Monitor and enforce ethical standards in day-to-day operations and interactions among members.
- Address and resolve ethical issues and complaints related to both elections and general conduct.

- Provide guidance and training on ethical practices to all Corporate Members.

4. Responsibilities

The Ethics Committee will:

- **Code of Ethics Review:**
 - Regularly review and interpret the Code of Ethics, making recommendations for updates as needed.
 - Ensure that the Code addresses ethical concerns specific to elections and daily activities.
- **Day-to-Day Conduct:**
 - Monitor and enforce ethical standards in daily interactions and activities of Corporate Members.
 - Address complaints and issues related to unethical behavior in regular professional activities.

5. Authority

The Ethics Committee operates under the authority of the Governing Council. It is empowered to recommend disciplinary actions in cases of ethical violations, with final decisions subject to the Governing Council's approval.

6. Review and Amendments

These Terms of Reference shall be reviewed periodically to ensure their continued relevance and effectiveness. Amendments must be approved by the Governing Council.

S-9 IETE Alumni Committee

1. Preamble

The IETE Alumni Committee is established to foster a strong and active alumni network that contributes to the growth and development of the Institution of Electronics and Telecommunication Engineers (IETE) and its members. The Committee will focus on creating value for alumni, supporting their professional and personal growth, and working collaboratively with the Governing Council to enhance member welfare.

2. Purpose

The purpose of the IETE Alumni Committee is to:

- Develop and implement strategies to engage and provide value to IETE alumni.
- Support the professional and personal growth of alumni members.
- Collaborate with the Governing Council to advance initiatives that benefit the broader IETE membership and contribute to the Institution's objectives.

3. Scope

The Committee will focus on the following areas:

- **Alumni Engagement and Value Creation:**
 - **Networking Opportunities:** Organize events, seminars, and workshops to facilitate networking among alumni and between alumni and current members.
 - **Career Development:** Develop programs and resources to support the career advancement of alumni, including mentorship opportunities, career counseling, and job placement assistance.
 - **Continued Learning:** Offer opportunities for continued learning and professional development, such as access to training programs, certifications, and industry updates.
- **Professional and Personal Growth:**
 - **Skill Development:** Identify and promote skill development programs tailored to the needs of alumni.
 - **Personal Development:** Provide resources and support for personal growth, including leadership development, work-life balance, and well-being initiatives.
- **Collaboration with Governing Council:**
 - **Feedback and Input:** Act as a liaison between alumni and the Governing Council, gathering and relaying feedback to inform policy and program development.

- **Initiatives and Projects:** Collaborate with the Governing Council to develop and implement initiatives that support the welfare of members and advance IETE's mission.
- **Alumni Relations and Communication:**
 - **Database Management:** Maintain an up-to-date database of alumni, including contact information and professional profiles.
 - **Communication:** Develop and execute communication strategies to keep alumni informed and engaged with IETE activities and opportunities.
 - **Recognition:** Recognize and celebrate the achievements and contributions of alumni through awards, features in publications, and other acknowledgment methods.
- **Resource Development and Fundraising:**
 - **Funding:** Explore and develop strategies for fundraising and securing resources to support alumni programs and initiatives.
 - **Partnerships:** Build partnerships with industry and other organizations to enhance the value provided to alumni.

S-10 Technology Regulatory Advisory Committee (TRAC)

1. Preamble

The Technology Regulatory Advisory Committee (TRAC) is established by the Institution of Electronics and Telecommunication Engineers (IETE) to address and provide expert guidance on technology and regulatory matters related to Information and Communication Technologies (ICT). TRAC aims to ensure that technological advancements are effectively integrated into national policy and regulatory frameworks, supporting both innovation and effective governance.

2. Purpose

The purpose of TRAC is to:

- Analyze global trends in ICT technologies and provide recommendations to the Government and relevant regulatory bodies.

- Evaluate the national regulatory landscape to support the introduction and growth of new technologies and services.
- Offer expert commentary on government policies and consultation papers related to technology and regulation.
- Monitor the quality of telecom management and IT services and advocate for improved service quality.
- Develop influential white papers and undertake projects/studies related to telecom management and IT on behalf of government entities.

3. Scope

TRAC will:

- **Global Trend Analysis:**
 - Analyze global trends in ICT technologies, including technological advancements, economic impacts, and strategic goals.
 - Recommend new technologies and national goals to the Government and relevant regulatory bodies based on this analysis.
- **National Regulatory Scenario:**
 - Assess the national regulatory environment with respect to the introduction and development of new technologies and services.
 - Compare national practices with best international standards and recommend necessary modifications or additions to the regulatory framework.
- **Policy and Consultation Paper Review:**
 - Review and comment on various government policies and consultation papers issued by government agencies and regulatory bodies like TRAI.
 - Invite external experts for discussions on identified issues to provide comprehensive insights.

- **Service Quality Monitoring:**
 - Monitor the quality of telecom management and IT services provided by service providers.
 - Engage with appropriate authorities to address any quality issues and advocate for improvements in service delivery.
- **White Papers Development:**
 - Develop white papers on critical technology and regulatory issues to influence policy and decision-making processes.
- **Projects and Studies:**
 - Undertake projects and studies related to telecom management and IT on behalf of government bodies, TRAI, and other relevant entities, fulfilling social responsibility commitments.
- **Other Technology and Regulatory Issues:**
 - Address any other technology and regulatory issues as they arise, providing expert advice and recommendations.

4. Responsibilities

TRAC will:

- **Research and Analysis:**
 - Conduct research and analysis on global ICT trends, national regulatory issues, and service quality.
 - Prepare reports and recommendations based on findings.
- **Advisory Role:**
 - Provide expert advice to the Government and regulatory bodies on technology and regulatory matters.
 - Offer commentary on policy drafts and consultation papers, ensuring that industry perspectives are considered.
- **Monitoring and Advocacy:**
 - Monitor the quality of services provided by telecom and IT service providers.

- Advocate for improvements and address service quality concerns with relevant authorities.
- **White Paper Development:**
 - Develop white papers to provide strategic insights and recommendations on critical technology and regulatory issues.
- **Project Execution:**
 - Manage and execute projects and studies as commissioned by government bodies or TRAI, ensuring alignment with social responsibility goals.

S-11 IETE Elections Vendor Selection Committee

1. Preamble

The Online Election Vendor Selection Committee is established to oversee the selection process for online election vendors for the Institution of Electronics and Telecommunication Engineers (IETE). The Committee will ensure a transparent, fair, and integrity-driven vendor selection process and collaborate with the selected vendor to meet IETE's requirements. The Committee will also focus on validating processes, defining reporting mechanisms, and ensuring the security and performance of the online voting system.

2. Purpose

The purpose of the Online Election Vendor Selection Committee is to:

- Spearhead the selection process for online election vendors to ensure transparency, fairness, and integrity.
- Gather and document concerns and challenges faced with the current system and communicate these to existing or potential vendors.
- Develop and finalize the Request for Proposal (RFP) for vendor specifications and criteria, and obtain approval from the Governing Council.
- Collaborate with the selected vendor to ensure alignment with IETE's requirements and maintain high standards throughout the election process.
- Validate vendor processes and ensure they meet RFP requirements through test cases, with the consent of the Governing Council.

- Define and ensure the generation of necessary election reports by the online voting platform.
- Establish mechanisms to verify voter identity and ensure that votes are cast by eligible members only.
- Ensure the platform is secure against breaches and malpractices.
- Evaluate system performance, especially during peak voting times in the last three days of the election period.

3. Scope

The Committee will focus on the following areas:

- **Information Gathering and Documentation:**
 - **Stakeholder Input:** Gather feedback from Governing Council members and voters regarding concerns and challenges with the current election system.
 - **Documentation:** Document the gathered concerns and challenges and communicate these to existing or potential vendors to address issues and improve the system.
- **RFP Development and Approval:**
 - **RFP Preparation:** Prepare a comprehensive RFP outlining technical, operational, and security specifications for the online election system.
 - **Criteria Definition:** Establish evaluation criteria for vendor selection, including technical capabilities, security measures, usability, and cost.
 - **Approval:** Obtain approval for the RFP from the Governing Council before issuing it to potential vendors.
- **Vendor Selection and Collaboration:**
 - **Selection Process:** Manage the vendor selection process, including issuing the RFP, evaluating proposals, and selecting a vendor based on established criteria.
 - **Contract Negotiation:** Work with the selected vendor to finalize the contract terms and ensure alignment with IETE's requirements.

- **Implementation Oversight:** Collaborate with the vendor to oversee the implementation of the online election system and ensure it meets all specified requirements.
- **Process Validation:**
 - **Test Case Preparation:** Develop test cases to validate that the vendor's processes meet the requirements outlined in the RFP.
 - **Governing Council Consent:** Obtain consent from the Governing Council on test case results and ensure that the processes are validated before the election.
- **Reporting and Documentation:**
 - **Report Definitions:** Define various reports required during and after the election, including voter participation, election results, and system performance.
 - **Report Generation:** Ensure that the online voting platform can generate the required reports and that they are accurate and timely.
- **Voter Identification Mechanism:**
 - **Verification Mechanism:** Define and implement mechanisms to verify voter identity and ensure that only eligible members are allowed to vote.
- **Security and Performance:**
 - **Security Measures:** Ensure that the online voting platform is secure against breaches and malpractices.
 - **Performance Evaluation:** Assess system performance, particularly during peak voting times in the last three days of the election, to ensure it can handle high volumes of traffic.

4. Responsibilities

The Committee will:

- **Gather Information:**
 - Collect and document feedback on current election system issues and communicate these to vendors.

- **Prepare and Approve RFP:**
 - Develop and finalize the RFP, obtain approval from the Governing Council, and manage the RFP issuance process.
- **Select and Collaborate with Vendor:**
 - Oversee vendor selection, negotiate contracts, and collaborate with the vendor to ensure system alignment with IETE's requirements.
- **Validate Processes:**
 - Develop and implement test cases to validate the vendor's processes and secure Governing Council consent on results.
- **Define Reporting Mechanisms:**
 - Define report requirements and ensure accurate generation by the online voting platform.
- **Implement Voter Identification:**
 - Establish and verify mechanisms for voter identification and eligibility.
- **Ensure Security and Performance:**
 - Assess and ensure system security and performance, especially during high traffic periods.

ROLE OF ZONAL MENTOR(S)

1. Zonal Mentor shall be a facilitator & act as a responsible guide to the Centres.
2. Shall provide an active & effective communication link for maintaining smooth flow of information between Centres and HQ.
3. To recommend venues for the AIC, MTS, ZS and NTPC to TPOC.
4. To co-ordinate for zonal ISF awards.
5. To guide & assist the Centres in setting up of new facilities as and when required as well as planning of all the activities of the Centres.
6. To keep a close & continuous monitoring of all activities of the Centres and to forward recommendations on the proposals made by Centres/Sub-Centres.
7. To apprise the Governing Council on Centres/Sub-Centres affairs.
8. To be responsible of effective & productive functioning of the Centres as per the guidelines & instructions laid down in SOP and various decisions taken by the Governing Council from time to time.
9. To be responsible of ensuring skill development/training/guidance classes & practical training for students and professional/technical programs and proper conduct of examinations as per the planned schedules in their respective zones.
10. To be responsible to submit a detailed report indicating the status of the Centres in every Governing Council Meeting.

About IETE

Established in 1953, the Institution of Electronics and Telecommunication Engineers (IETE) is India's leading recognised professional society devoted to the advancement of Electronics, Telecommunications, Computers and Information Technology, Computer Science and other related disciplines. IETE serves more than 1,25,000 Corporate, Students and ISF Members through its 63 Centres spread all over India including one at Kathmandu (Nepal) and one Professional Activity Centre (PAC) at Perth, Australia. The Institution promotes and conducts basic engineering and continuing technical education programmes for human resource development. It also holds National Conferences, Seminars and Workshops every year throughout India with the aim of technological growth of corporate & student members and various other stake holders in Govt, Industry and Academia.

The Government of India, Ministry of Science and Technology, Department of Scientific & Industrial Research has recognized IETE as a Scientific and Industrial Research Organization (SIRO) and the Institution has also been notified as an Educational Institution of National Eminence by the Government of India.

OBJECTIVES

- Promotes and conducts basic engineering and continuing technical education programmes for human resource development
- Provides forum for discussion on national policies and to provide suitable inputs to policy makers.
- Organise conferences, symposia and workshops involving all concerned professionals, students and industry association for the advancement of the discipline.
- Stimulates research and development in the discipline.
- Brings out quality publications for all levels of readership.
- Honours outstanding professionals.

- Facilitates inter-disciplinary interaction with other organisations and individuals within and outside the Country for the promotion of the discipline.
- Undertakes socially relevant programmes with Electronics, Telecommunication and IT as tools.

OUR RESOURCE - MEMBERS

IETE offers a variety of Membership grade from student member to Honorary Fellow. As members progress in the professional field over the years they become eligible for more advanced membership classification.

➤ Corporate Members

- **Honorary Fellow (HF):** A coveted honour conferred on eminent personalities who have made exceptional contribution in the field of Science and Technology.
- **Distinguished Fellow (DF):** Highest class of elected membership: only eminent Life Fellows are eligible for nomination and election.
- **Fellow (F):** Engineering Degree in related discipline and professional Competence and Recognition.
- **Member (M):** Engineering Degree in related discipline and work experience.
 - **Associate Member(AM):** Based on pass in Graduateship examination AMIETE or equivalent Engg Degree.
 - **Chartered Engineer (IETE):** Fellow for at least 5 years or Member for 10 years and a practicing engineer.

➤ Student Members

- **Student (PGCS):** Registered for ALCCS Exams, (Post Graduate Level)
- **Student (SG):** Registered for AMIETE. (Graduate level)
- **Student (SD):** Register for DiplETE (Diploma level)
- **Student (ISF-G):** Belonging to IETE Students' Forum at Engg. Colleges.

- **Student (ISF-D):** Belonging to IETE Students' Forum at Polytechnics.
- **Organisational Members (Org Mem):** Open to institutions/ Organizations/Companies engaged in broad areas of Electronics, Telecommunications, Computer Science and Information Technology.

Membership forms for Corporate Organizational Members can be downloaded from IETE Website: <http://www.iete.org>

IETE INDUSTRY INTERACTION

IETE has always been closely associated with the Industry by promoting such interactions through seminars, workshops and discussions. Industries join IETE directly as organisational members and their representatives find a place in the Governing Council of the Institution.

APEX FORUM

IETE organises Apex Forums to provide a platform for exchange of meaningful ideas, on contemporary issues of national interest, amongst:

- Policy makers/implementers.
- Industry Leaders.
- Leading Academicians/Research Organizations.
- Eminent Professionals.

Recommendations/Action plan resulting out of these deliberations is shared with all stake holders for consideration.

PROFESSIONAL MANPOWER DEVELOPMENT

Recognising that information and knowledge are primary resources, IETE has been engaged from the very beginning in creating technical force of professionals for different levels in relevant engineering disciplines. As a result, new career opportunities have opened up for student members through IETE examinations, viz Diploma(DipIETE), Graduateship(AMIETE), Post Graduate level(ALCCS) and Dual degree or integrated programmes. The regulations/Syllabi for all these were drafted by various specialists members from IITs and various other institutions of repute and are

revised periodically. The examinations are conducted at IETE Centres, based on requirement. These examinations were recognised by Govt of India for superior and subordinate services and for higher education by large number of Universities and Institutions. The IETE examinations are:-

- **DiplIETE (since 1987) (Diploma Level)**
 - Comprises of Sections A & B, practical examinations and project
 - **Eligibility:** 10th Pass & Higher Qualification (Science) and engaged professionally.
- **AMIETE (since 1959) (Degree Level)**
 - Examination recognized by the Govt of India, UPSC and a large number of Universities/Institutions.
 - Permitted to appear for GATE; ME/M. Tech. examinations.
 - Comprises of Sections A & B, practical examinations, project and seminar.
 - **Eligibility:** 10+2 with PCM & Practical Experience or higher Studies (Science) or Diploma in Engg and engaged professionally.

CONTINUED KNOWLEDGE UPGRADATION : A RACE AGAINST OBSOLESCENCE

Developing and improving technical and professional competencies, particularly in the working environment, is the greatest challenge that professionals face today. To help members avoid technological obsolescence and to achieve the mission of advancing the profession, IETE offers access to latest developments and brain-storming sessions through:-

- Annual IETE Convention (formerly Annual Technical Convention): On theme of current technological interest.
- Mid-Term Symposium: On current technological theme.
- International Conferences.
- Memorial Lectures: Bhabha Memorial Lecture, Vikram Sarabhai Memorial Lecture, Sir J C Bose Memorial Lecture, Sir C V Raman Memorial Lecture.

- Zonal Seminars at (North, South, West & East Zone) alongwith Zonal Congress.
- Apex Forums.
- Symposia, Fora, Workshops, Contact Programmes, Round Table Conferences.
- Opportunity to publish and review technical papers.
- Academic-Industry interactions.
- IETE Students' Forum (ISF).
- EDUSAT elan (e-learning).
- IETE Students' Day.
- Convocation Day.
- IETE Foundation Day.
- Skill Development Programmes.
- World Telecommunication & Information Society Day.
- National Technical Paper Contest.
- Innovation Meet.

PUBLICATIONS

IETE publications have made significant strides in response to the developments in the fields of Electronics, Telecommunication, Computer Science and Information Technology. We are committed to removing the barriers and practices that often hamper the timely and effective communication of new research findings. IETE is showcasing its achievements in attracting growing numbers of submissions, publishing high-quality research papers, supporting transparency and reproducibility, as well as the careers of new researchers, and exploring new publication formats. IETE has talented academic editorial teams ably led by respective Editors-in-Chief. IETE journals are receiving encouraging response from the research community and their impact factors are increasing consistently.

These publications contribute significantly in achieving the laid down objectives of the Institution. The Institution has its wide and prominent visibility due to these regular publications which include three IETE Journals, Newsletter and Proceedings. Our journals viz. IETE Journal of Research (JR), IETE Technical Review (TR) and IETE Journal of Education

(JE) are the prime resource for disseminating state-of-art, current and futuristic scientific and technical knowledge to a wide cross-section of readership of academia, industries, R&D organizations, libraries, professional engineers and students' community. The IETE Journals are available online (www.ietejournals.org). The members are sent the publications digitally.

IETE Journal of Research is published monthly and covers scientific and technical papers describing original research or novel product/process development work being carried out in India and abroad in the areas of electronics, telecommunications, computer science engineering and information technology. Occasionally special issues are brought out on new and emerging research areas.

IETE Technical Reviewis also published bi-monthly and covers state-of-the-art review papers and in-depth tutorial papers on current and futuristic technologies keeping in view the interest of students, engineers, scientists, academicians and mangers who are desirous to keep themselves abreast of the latest research and developments in the areas of electronics, telecommunications, computer science engineering and information technology. Occasionally special issues are brought out on new and emerging research areas.

Both these journals are a part of 'Web of Science', a coveted place amongst the International Journals of Science and Technology.

IETE Journal of Educationis a half yearly publication. The journal provides supplementary resources to the students for preparing for their examinations and broadening their understanding of concepts.

IETE Newsletteris published four monthly. It covers important events and technical activities of Centres/ Sub-Centres and IETE-Students-Forums established in engineering colleges throughout the country including calendar of proposed events and other useful information of IETE Corporate Members.

EXCELLENCE & AWARDS

IETE recognizes outstanding achievements amongst its members and other professionals in the broad areas of Electronics, Telecommunication, Computers, Information

Technology and related disciplines through annual/biennial awards. These awards and recognition play vital role in improving the visibility of the Institution and also fulfillment of our role of giving recognition to the professionals who have excelled in their work in the fields of interest to IETE. IETE confers 31 (thirty one) main awards for outstanding achievements, 08 (eight) corporate awards for excellence of performance, 08 (eight) awards for best technical/ research articles published in our journals during the calendar year and academic awards for IETE student members for their academic excellence in various examinations and 03 (three) prizes for the best Technical Papers selected in the IETE National Technical Paper Contest. To make the existing procedure for selection of Awardees for IETE Awards more transparent, fair and systematic, there is a ‘Jury of Experts’ constituted for each award. This Jury, consisting of five experts, is selected from reputed Institution /Universities / Engineering Organizations based on their subject expertise, academic/research and managerial experience. Each award is finally ratified by the Board of Awards (BoA).

Based on the merit an awardee is selected for recognition of excellence in the field of developments. In case of few awards, lectures are delivered by awardees at IETE Centre nearest to their location. To give wider publicity to attract good response to IETE awards, “Call for Nominations” is published in Nov-Dec and Jan-Feb issues of IETE Journal of Research and Technical Review. In addition, brochures and “Call for Nominations” for IETE main awards, corporate awards and National Technical Paper Contest are made available on IETE website.

SKILL DEVELOPMENT

Keeping in view that Skill Development is an imperative to national growth and advancement, IETE is moving more vigorously into this domain. IETE has taken initiatives in various Skill Development programmes such as:-

- Conduct of 60 ESDM workshops throughout the country, sponsored by Dept of Electronics & Information Technology (DEITY) at IETE Centres/Colleges.
- Trained 50+ Defence Personnel on Optical Fibre Communication Network course sponsored by the Directorate General of RE-settlement of Defence.

- Trained 150+ trainees under Govt schemes like PMKVY & STAR Scheme Pan India.
- Promoting Cyber Security/Cyber Laws through free seminars/guest lectures/workshops at different colleges so far 500+ students benefited.
- IETE certified 50+ candidates for Cyber Security/Cyber law & Cyber Forensics Course.

RESEARCH FELLOWSHIP

One of the prime and salient objectives of IETE is to stimulate Research and Development in the areas of interest to IETE. The institution endeavours to achieve the worthwhile objective by following two-pronged strategy:

- Encouraging research in the discipline by publishing Journal of Research which reports fundamental and applied research work being undertaken in the country and abroad. Publication is internationally recognized.
- By sponsoring research projects.

Under IETE Research Fellowship Scheme, IETE has sponsored nine research projects at IIT Delhi, Chennai, Guwahati, MS University Vadodara, Andhra University Visakhapatnam and Tezpur University Assam, which have been successfully completed leading to the award of Ph.D degree to the researchers. Research Fellowship grant is Rs 16,000/- per month in addition to the contingency grant of Rs 12,000/- per annum.

STIPEND SCHEME FOR HIGHER STUDIES (M TECH) FOR IETE GRADUATES

IETE provides one stipend per year on merit basis for IETE graduates pursuing M. Tech/ME/ALCCS studies in Electronics, Telecommunication, Computer and IT disciplines. Monthly stipend is Rs 10,000/- per month.

COMPUTER TRAINING PROGRAMME FOR THE VISUALLY CHALLENGED

As part of our social responsibility, IETE trains visually challenged persons in handling computer to make them more acceptable in society. No fee is charged from such students. Training is imparted in Computer fundamentals, Internet browsing and Microsoft Office.

LECTURE AND CONTENT DELIVERY

IETE uses latest trends in the delivery of lectures with the aim of “Reaching the Unreached”. Through e-lan portal of IETE, more than 1100 video lectures can be viewed. IETE has also embarked on a programme of interactive class rooms, where lectures are delivered from teaching end at IETE Noida Centre and simultaneously received at Ahmedabad, Bengaluru, Bhopal, Chandigarh, Hyderabad, Pune, Palakkad, Mankapur, Imphal and Delhi in interactive mode.

VENTURING INTO COOPERATION & PARTNERSHIP

The Institution recognises that its future leadership in an electronic environment depends heavily upon sharing of resources. Accordingly, the Institution:-

- Signed Memorandums of Understanding with the Institute of Electrical & Electronics Engineering Inc, (IEEE), USA; IEEE Communication Society (IEEE ComSoc) USA; Institution of Electrical Engineers (IEEE), UK ; Hungarian Scientific Society for Telecom (HTE); IEEE MTT-S; IGNOU; Institutions of Engineers (India) (IE(I)); IEEE Electromagnetic Comptibility Society (EMC-S), IEEE Antennas and Propagation (AP-S), Christian Medical Association of India (CMAI); *Computer Society of India* (CSI) and C-DAC, National Institute of Electronics and Information Technology (NIELIT); *Global ICT Standardization Forum for India (GISFI)* ; Electronics Sector Skills Council of India (*ESSCI*); Telecom Sector Skill Council (TSSC); Sedulity Solutions & Technologies; Techno India Group; Reliance Jio Infocom Ltd & Redefine Dimensions Convergence Pvt Ltd.
- A nominated member in the Board of Governors of Engineering Council of India, an important national body constituted for the purpose of coordinating the activities and responsibilities of all professional societies both inside the country and abroad.
- Represents as one of the members of the Council of the National Institute of Electronics & Information Technology (NIELIT), a autonomous scientific society under the administrative control of Ministry of Electronics & Information Technology (MoE&IT), Government of India, and also one of the members of the Council of the Association for Security of Information

Systems (ASIS), a national level body, which promotes the general advancement of Information Systems Security and allied subjects.

- is represented in Bureau of Indian Standards (BIS), Electronics & IT Division (LITD) Council and its following sub committees :-
 - LITDC - Electronics and Information Technology Division Council
 - LITD - 2 Reliability of Electronics & Electrical Components & Equipment
 - LITD -7 Audio, Video & Multimedia Systems & Equipments.
 - LITD -14 Software & System Engineering.
 - LITD - 16 Identification & Data Capture Techniques, Cards and Security Devices
 - LITD- 19 E-Learning
 - LITD - 27 Internet of Things
- supports the Govt's initiative in formulation of policies such as National Education Policy, National Telecom Policy etc.
- has signed Memorandum of Understanding with AKGEC Skill Foundation (ASF) on 24th Apr 2019 with the aim to collaborate and take collective steps to develop technical skills in the students of IETE to make them industry ready.
- has signed Memorandum of Understanding with CISCOAcademy Support Centre signed on 9th Feb 2019 for communal growth and promotion of mutual interests.
- has signed Memorandum of Understanding with IETE, Microchip Academic Program and Eduvance on 9th Feb 2019 with an aim to set up a joint skill development centre to provide a platform for exploiting state of art technology, providing technical training, development of intellectual property and providing facilities for the development of products and solutions.
- has signed Memorandum of Understanding with Jetking Infotrain ltd on 17th May 2019 to enhance, enable and

foster employability through skill development by Jetking for the students of IETE and ISF students in the IETE learning Centres on a pan India level.

- has signed Memorandum of Understanding with PC Training Institute Ltd on 13th Jan 2020 intend to cooperate for training for future technologies and intend to disclose certain confidential information relating to the business to each other subject to the terms and conditions mentioned in the Agreement.
- has signed Memorandum of Understanding with Cyber Peace Foundation, NGO on 21st May 2020 to encourage research in the field of Cyber Security, Cyber Defence and Internet Engg and Governance, Setup Cyber Peace Research Centre & Centres of Excellence, Introduce new courses on cyber security, cyber crime investigations, internet engineering and governance subject to prior approval of Academic Council of University and other legal requirements.
- has signed Memorandum of Understanding with Society for Electronic Transactions and Security (SETS) on 25th Feb 2020 to provide guidance/strategy to propagate awareness of Cyber Security to society and to educate the team with advanced trends in Cyber Security and also train the trainers programmes for Cyber Security and Critical Infrastructure Society.
- has signed Memorandum of Agreement with Instrumentation Automation Surveillance and Communication Sector Skill Council (IASC-SSC) on 12th Jun 2020 for collaboration on conducting skill projects in creation on livelihood on unemployed youths and up-skilling projects for MSME industries on Industry 4.0 outcome based Trainings, Assessments and Certification on Qualification Packs (QP) and National Occupational Standards (NOS) for trained Candidates under various skill development projects.
- has extended one year technical MoU with NIELIT which expired on 24 Sept for 3 years from Sept 2023
- has signed Memorandum of Understanding with NIELIT for the establishment of Centre of excellence on Chip Design. The MOU was signed during Aug-Sep 2023.

- has signed Memorandum of Understanding with The Institute of Electrical and Electronics Engineers (IEEE) on 20th Aug 2023.
- has signed Memorandum of Understanding with IEEE Societies: IEEE Antennas and Propagation Society (AP-S), Microwave Theory and Techniques Society (MTT-S), Electromagnetic Compatibility Society (EMC-S) at MAPCON-2023, held at Ahmedabad during 10-14 December 2023.
- has signed Memorandum of Understanding with South Asian University on 09 Dec 2024 with an objective of enhancement in collaborative framework on emerging technologies and their impact on economy & society and with immediate focus on Diploma and Short Term Courses in emerging technologies.
- has signed Memorandum of Understanding with National Forensic Sciences University on 15 April 2025 to facilitate collaboration in education, joint courses and programs, knowledge sharing and career advancement in areas like cyber security and digital forensics.
- has signed Memorandum of Understanding with Indian Society for Technical Education on 17 May 2025.
- has signed Memorandum of Understanding with AI4India on 09 Dec 2025.

IETE HQ

The IETE HQ is well organized to meet the needs of membership activities and to conduct the affairs of IETE under the direct supervision of the Governing Council. It has a full-time Secretary General, number of officers and is adequately staffed. It functions from its own building at New Delhi. IETE HQ is a modern towering RCC structure of 6 floors with novel architectural design which includes an auditorium with seating capacity of 327. It is a landmark in the Institutional Area of Lodhi Road, New Delhi.

JOIN THE PROUD IETE FRATERNITY

The IETE has completed 72 years of dedicated services to the nation. We have our own physical infrastructure at 37 Centres. We have our own information infrastructure as

well, linking IETE HQ with all the Centres. IETE provides its members the following privileges:

- A space to interact with peers as well as eminent professionals and mobility in the membership growth.
- Free personal subscription to Newsletter and one Journal (IETE TR/JR) as per choice.
- Invitation to attend and participate in numerous local/regional/national/international technical programmes at concessional rates.
- Participation in meetings with R&D/Industry/Leaders and others to discuss scientific/technical/professional issues.
- Opportunity to review technical papers, write articles and participate in IETE Committees.
- Opportunity to participate as speaker and also as delegate in various seminars, workshops and technical lectures on topical subjects and cutting-edge technologies.
- Access to India's most comprehensive source of publications in Electronics, Telecommunications, Computers etc. at IETE HQ and at Centres/Sub-Centres.
- Availability of tech-literature and other facilities on reciprocal basis at concessional rates from other societies with whom IETE has a MoU.
- Interaction with experts in the discipline from Industry, MNC's, Government and NGO's for professional advancement.
- Besides many of the above benefits, student members of IETE would gain :-
 - Free subscription to IETE Journal of Education.

IMPORTANT INFORMATION FOR MONITORING

Monthly/Quarterly/Half Yearly/ Annual Checks

Accounts

- (i) Monthly TDS Deposits - 07 of Every Month
- (ii) Monthly GSTR-1 - 13 of Every Month
- (iii) Monthly 3 B Payment - 20 of Every Month
- (iv) TDS quarterly Return
 - (a) 1st quarter - 31 July
 - (b) 2nd quarter - 30 Oct
 - (c) 3rd quarter - 31 Jan
 - (d) 4th quarter - 31 May
- (v) Last Date of Filing of Annual Return
 - (a) 80G - 31 May of Every Year
 - (b) 10B/BB - 30 Sep of Every Year
 - (c) Income Tax Return - 31 Oct of Every Year
 - (d) Annual GST Return - 31 Dec of Every Year
- (vi) Invoice of Rental - 1st Week of every month
- (vii) IETE HQs Building Insurance - 02 March of every year
- (viii) Receipt of Audited Statement - 30th June of every year
of Accounts of Centres/Sub-Centres

Technical Events

- (i) Student's Day - 01 Feb of every year
- (ii) Sir C V Raman Memorial Lecture - 28 Feb of every year
- (iii) Mid Term Symposium - In April-May every year
- (iv) World Telecommunication & Information Society Day - 17th May of every year
- (v) Annual IETE Convention - In Sept every year
- (vi) Foundation Day - 02 Nov of every year
- (vii) Sir J C Bose Memorial Lecture - 30 Nov of every year

Administration

- (i) Fire NOC Validity - till 06 July 2026
- (ii) Lift AMC Validity - till 30 Jun 2026
- (iii) Validity of SIRO Certification - 01 April 2024-
31 March 2027

Publication

- (i) IETE Journal of Research - Published Monthly
- (ii) IETE Technical Review - Published Bi-monthly
- (iii) IETE Journal of Education - Published Half Yearly
- (iv) IETE Newsletter - Four Monthly
