ITEM-2 POINTS ARISING OUT OF THE PREVIOUS MEETING.

2.1 Publishing schedule of IETE Journals:

- All IETE Journals are being published as per schedule.
- Special issue on "Cognitive Sciences" is being edited by Prof Mriganka Sur and Dr Jayadeva. There are some colour photographs which are required to be printed with high quality resolution lest the technical value be lost. However, this may require more funds. In order to economise on cost, the photographs have been categorized and only those requiring special printing have been identified. It is desirable to print the photographs along with the text. However, if this leads to escalations of cost, all photographs can be printed together and embedded in the issue at the end of the journal. It was recommended that the cost of printing may be restricted to Rs 45 per copy (total of Rs 45,000 for 1000 copies) . The optimum mode of printing may be adopted within this limit by Managing Editor.

2.2 The committee asked Managing Editor to pursue for collaboration with the AICTE for a special issue of IETE Technical Review on "Electronic Engineering Education-2020"

2.3 Remodeling of IETE Website

IETE home page material has been prepared on a CD. This was presented to the Council. A copy of this material will be e-mailed to all the council members. The committee recommended that Rs 35,000/-may be approved towards the cost of the web authoring effort.
